NARRATIVE-4952-58 N St. Louis

The building was purchased in the summer of 2011, ownership assumed it to be a 14 Unit building. Twelve of the units are above grade, and the other two are garden units. During last spring the garden units and common areas and entryways sustained major damage from the flooding of the Chicago River. Damage was estimated at over \$100,000. FEMA coverage only compensated for a portion of this loss. It was at that time that the owners of the building became aware that one of the two garden units was nonconforming. We are asking that the second garden unit to be legalized. The requested garden unit fits all city requirements of a garden apartment.
