Alderman James Cappleman 4544 N Broadway
Chicago, IL 60640

RE: 823 W Buena -15 minute standing zone Dear Alderman

Cappleman and staff

We are respectfully requesting a 15 minute standing zone to be placed in front of 823 W Buena. Currently the 800 block of Buena does not have any standing zones and has several large buildings on the block; Reside Living has over 100 apartments between 823 and 849 (and Group Fox has a 210 unit building which sits in between the two Reside Living properties). Having this standing zone would aid perspective renters when coming to tour, versus distracting them from renting due to the lack of parking. The standing zone would also assist the current residents and staff of the building by allowing them to drop off their groceries, packages and work belongings with ease. Currently when people are running in and out of these buildings they double park causing traffic to slow down or come to halt or these folks double park on the corners blocking the vision of drivers because they cannot see the traffic.

Reside Living has successfully operated this apartment complex since May 1, 2007 and we plan to continue our operations for the unforeseeable future. We would like to thank you for your consideration and if there is any follow up needed please feel free to let me know.

Thank you for your consideration,

Reside Living

- Vehicles extending their stay over the 15 minute time limit are in violation of the Chicago Municipal Code and are liable to receive a citation.
- Even though the standing zone is placed adjacent to your business, vehicles standing in the zone for the allotted time are not obligated to patronize your business.
- It is illegal to post additional signage in the public way, including signage, which would cause one to assert that the loading zone is reserved solely for your business.

Length of Zone: 168 feet or approximately vehicle space(s)

Reason for Zone / Business activity requiring standing zone: Need space to be able to allow tenants to park cars/vans/trucks so that they can move in to building at the start of their lease and move out of building when their lease is over. Also, need to have parking available for agents bringing prospective tenants to see apartments.

Please describe the availability/restrictions of on-street parking: No restrictions on building side of the street, meters on opposite side of the street.

On the average day, how many sales/visits would utilize the zone? Five out of a total of 5 for agent showings only; based on an average of 5 showings per day since we started leasing building. Move in/Move Out usage is hard to represent as an average day, however, we plan on leasing all 140 units and all would need to have a space for move in/move out.
