CHICAGO DEPARTMENT
PLANNING & DEVELOPMENT

OF

LETTER FROM THE COMMISSIONER

We are pleased to submit the 2015 First Quarter Progress Report, which presents the Department of Planning and Development's progress on the goals set forth in the City's Five-Year Housing Plan. With this report we begin the second year of the plan, Bouncing Back, which covers the years 2014-18.

During the first quarter of 2015 the City approved funding for three multi-family development projects and enacted major revisions to the Affordable Housing Requirements ordinance, which requires developers to create affordable units in market-rate housing developments assisted by the City.

As we do at the beginning of each year, the Department is also releasing estimates of housing production under our programs for the full year of 2015. This year we expect to deploy more than \$254 million to assist over 8,200 units of housing, through programs in the following three categories:

- To Create and Preserve Affordable Rental Units: \$206.4 million to assist 5,625 units
- To Promote and Support Homeownership: \$33.0 million to assist 473 units
- To Improve and Preserve Homes: \$14.6 million to assist 2,137 units

The Department's resources also include over \$3 million for other initiatives, including delegate agency programs that complement our housing production efforts.

To help readers better understand the production tables included in chese quarterly reports, we have included a user's guide to the Department's housing development and preservation programs. The guide is organized by the three main categories of work as outlined above; it offers a brief description of each program along with information about funding sources and reporting methodologies.

The Department of Planning and Development (DPD) is the lead agency for the City's affordable housing, housing

preservation and homebuyer assistance programs. DPD also promotes economic development by helping existing businesses grow and attracting new industry to the city, and it coordinates all of our zoning, land use planning, sustainability and historic preservation initiatives.

We at DPD could not succeed in our work without the ongoing support and cooperation of our valued partnersneighborhood and business groups, elected officials, state and federal agencies, and other community stakeholders. Through these efforts, we will continue to move forward in creating and preserving affordable housing for the people of Chicago.

INTRODUCTION

T

his document is the 2015 First Quarter Progress Report on the Chicago Department of Planning and Development's housing plan, Bouncing Back: Five-Year Housing Plan 2014-2018.

For 2015, DPD has projected commitments of more than \$254 million to assist over 8,200 units of housing.

During the first quarter of 2015, the Department committed almost \$74 million in funds to support nearly 3,900 units, which represents 47% of the 2015 unit goal and 29% of the 2015 resource allocation goal.

Chicago Housing Plan 2014-2018

CREATION AND PRESERVATION AFFORDABLE RENTAL UNITS

OF

In 2015, the Department of Planning and Development expects to commit over \$206 million to support more than 5,600 units of affordable rental housing using loans for new construction or rehab along with rental subsidies.

During the first quarter, DPD committed over \$64 million in resources to support more than 3,500 units. These numbers represent 31% of the 2015 multi-family resource allocation goal and 63% of the multi-family unit goal.

The Department utilizes a variety of programs to support the creation and preservation of affordable rental housing. DPD's major programs are briefly summarized below, along with an explanation of how we count financial commitments and units assisted through these programs in the tables attached to this report.

Multi-family Rehab and New Construction 65th Infantry

Regiment Veterans Housing

A 49-unit affordable apartment development for veterans and their families will be built in West Town through a financing package approved by the City Council on January 21.

Occupying a one-acre site at 1045 N. Sacramento Blvd., 65th Infantry Regiment Veterans Housing will contain a mix of one-, two- and three-bedroom apartments for veterans earning up to 60 percent of area median income. The four-story, elevator building, to be developed by Hispanic Housing Development Corp., will also feature a fitness room, computer center, library, community space and offices. Social services will include case management, employment training and support groups for veterans' needs. Staff support will be provided by the nearby Norwegian American Hospital, which is also donating land for the development.

The City will assist the \$15 million project with a \$1.5 million loan and \$11.6 million in Low Income Housing Tax Credit equity. Other funding will include an energy grant from the state and a private mortgage loan. Rents on all of the units will be supported through project-based HUD rental assistance vouchers.

This 49-unit apartment development in the 26th Ward will be named in honor of the 65th Infantry, a Puerto Rican regiment of the U.S. Army that was awarded a Congressional Gold Medal in 2014 for more than a century of heroism and service.

Park Place Family Apartments

On March 18 the City Council approved the construction of a \$25.9 million affordable apartment complex for families in the West Elsdon community.

Park Place Family Apartments will contain 78 one- to three-bedroom apartments located in fourteen 3-story buildings to be constructed at 5001 S. Lawndale Ave. Apartments will be leased to households earning up to 60 percent of area median income. The project is the first phase of a planned development that will also include affordable senior apartments, for-sale townhomes, a community center and a park.

Park Place Family Apartments will be the first of four phases in the mixed-use redevelopment of a 14.2-acre site in the 14th Ward.

Bank of America and a private mortgage loan. The developer is Brinshore Development LLC.

Hilliard Homes Window Replacement

On March 18 the City Council approved two loans totaling \$560,000 for replacement of windows at the 654-unit Hilliard Homes, a historically significant, low-income rental development on the Near South Side. The existing windows were preserved in the early 2000s when Hilliard was rehabbed under guidelines established by the State Historic Preservation Office (SHPO). These windows have undergone severe deterioration over time, and SHPO has approved their replacement with new windows that replicate the original designs.

Located at the intersection of Clark Street and Cermak Road in the 3rd Ward, Hilliard Homes contains a total of 352 senior and 302 family units in two 16-story senior buildings and two 22-story family buildings. The window replacement work, which will be financed through a combination of City loans, CHA funds and Hilliard's cash reserves, will be completed in two

phases encompassing 100 units on the lower four floors of the buildings. The developer is Holsten Real Estate Development Corp.

PROMOTION HOMEOWNERSHIP

AND

SUPPORT

OF

In 2015, the Department of Planning and Development expects to commit over \$33 million to help almost 500 households achieve or sustain homeownership. DPD initiatives support the construction of new homes, the acquisition and rehab of deteriorated and abandoned properties and financing programs for home purchase and rehabilitation.

During the first quarter, the Department committed over \$7.2 million to support 77 units, achieving 22% of the 2015 homeownership resource allocation goal and 16% of the homeownership unit goal.

The Department utilizes a variety of programs to support and promote homeownership. DPD's major programs are briefly summarized below, along with an explanation of how we count financial commitments and units assisted through these programs in the tables attached to this report.

POLICY AND LEGISLATIVE AFFAIRS

ARO Updated in Response to Changing Housing **Markets and Needs**

Updates to the Affordable Requirements Ordinance approved by the City Council on March 18 are expected to generate 1,200 new units and \$90 million in funding for affordable housing over the next five years. The changes will: establish three development zones in the city to reflect differing housing markets and needs; mandate higher in-lieu fees; and include requirements for creation of affordable units on-site.

The Affordable Requirements Ordinance (ARO) was originally enacted in 2003 and amended in 2007 to create affordable units in market-rate developments. ARO is triggered whenever a development project receives a zoning change, City land or financial assistance, or is located in a downtown Planned Development and includes a residential component containing ten or more units. Under the current ordinance, developers must either make 10% of the new units affordable (20% if direct financial assistance is being provided by the City) or pay an in-lieu fee of \$100,000 for each required unit.

The revised ordinance will:

- Designate three types of development zones in the city, defined as downtown, higher-income areas and low/moderate-income areas
- Adjust in-lieu fees for units not provided on-site, increasing them to \$175,000 downtown and \$125,000 in higher-income areas, and reducing them to \$50,000 in low/moderate-income areas
- Require downtown developers to pay the higher of their ARO or density bonus fees as determined by ordinance
- Require 1/4 of the mandated 10% affordable units (20% if the City provides financial assistance) to be provided onsite, with certain limited exceptions for downtown and higher-income area projects, including a \$225,000/unit buyout for downtown for-sale projects
- Authorize a density bonus for affordable units located close to transit
- Incentivize developers to make units available to the CHA
- Expand the pool of eligible homebuyers by increasing the maximum income for purchasers to 120% of AMI
- Increase the ARO allocation to the Chicago Low-Income Housing Trust Fund from 40% to 50% of in-lieu fees collected by the City

The changes will go into effect on October 12, 2015, with the new fees phased in over the twelve months following the ordinance's publication.

179 Lots in East Garfield Park Approved for \$1 Sales to Local Property Owners

On March 18 the City Council approved the sale of 179 parcels of vacant, City-owned land in the East Garfield Park community through the Department of Planning and Development's new Large Lots Program. The lots had been offered for sale in the summer of 2014 under the second round of the program, which makes vacant, City-owned land available for \$1 to neighboring homeowners and community organizations.

The Large Lots Program was the first initiative launched by the City as part of Mayor Emanuel's Five Year

Housing Plan, which will invest \$1.3 billion from 2014-2018 to create, improve or preserve more than 41,000 units of housing.

The program was piloted during the spring of 2014 in Englewood and Woodlawn, where approximately 300 parcels were sold through the program. An additional eleven lots in Englewood were approved for sale in March along with the East Garfield Park properties. Applications were also accepted by the City for lots in the Austin community through January 2015.

Large Lots applicants are required to own property on the same block, be current on property taxes and have no financial obligations to the City. All lots are sold "as is" via quit claim deed. For more information on the program, visit LargeLots.org http://LargeLots.org>.

771/5 lot is one of some 300 sold to Englewood homeowners in the first round of the City's new Large Lots Program. On March 28 the Local Initiatives Support Corporation and Teamwork Englewood conducted a free workshop to help buyers identify new uses for their freshly acquired land.

Chicago Foreclosure Activity Posts Major Decline in 2014

A recently released report by the Woodstock Institute found that foreclosure activity continued to slow in Chicago during 2014, accelerating a trend that had emerged in 2013. Citywide foreclosure filings fell by 32% from the previous year, almost matching a 34% drop in the full six-county region. Community areas with the largest decreases in foreclosures included North Center (down 64%), Armour Square (down 62%), and West Ridge (down 55%). Only three communities recorded higher levels of foreclosure filings: Hyde Park (up 20%), Calumet Heights (up 11%), and Morgan Park (up 2%).

Equally noteworthy, foreclosure auctions also showed a major decline in 2014, falling by 23% in the city-a significant improvement from the 6.5% decline in 2013. As a result, notes Woodstock,

The percentage of properties sold at foreclosure auctions becoming bank-owned is at the lowest level since the beginning of the foreclosure crisis While the overall trends are positive, over 90 percent of properties sold at auction in many low- and moderate-income communities and communities of color are still entering REO status, presenting an increased risk

of blight in the near future.

For more information on the report, please visit the Woodstock Institute website at: http://www.woodstockinst.org/press-release/chicago-region-sees-double-digit-declines- foreclosure-filings-and-auctions.

Neighborhood Stabilization Program Update

Although the City has now expended the last remaining funds out of a total of \$169 million in NSP grants awarded by HUD since 2009, we will continue to report on NSP during 2015 until the final buildings have been completed.

Through the end of the first quarter, a total of 861 units in 197 properties have been acquired using funds from Chicago's three NSP grants. Construction has started on 800 units in 164 properties; 804 units (168 properties) have been finished or are nearing completion. One hundred fifty-seven units (111 properties) have been sold to qualified homebuyers, and 40 multi-family properties containing 591 units have been fully rented out. A list of all properties that have been assisted through NSP can be found in the Appendix. An updated version of this list is available at: http://www.chicagonsp.org/index.html.

Alderman Pat Dowell Near South Side March 18,2015

Replacement of windows in 100 units at Hilliard Homes, a landmark low-income rental development comprised of four high-rise buildings at Cermak Road and State Street. The existing windows were preserved in the early 2000s when the 654-unit development was rehabbed under guidelines established by the State Historic Preservation Office. Due to severe deterioration, the windows in all units on the first four floors will be replaced with new ones that replicate the original designs.
