**REPORT to the
CHICAGO PLAN COMMISSION from the
DEPARTMENT of PLANNING AND DEVELOPMENT**

JANUARY 21, 2016

PROPOSED BUSINESS PLANNED DEVELOPMENT

BLACKHAWK COMMUNITY ICE RINK, LLC

1801-1853 WEST JACKSON BLVD.

Pursuant to the provisions of the Chicago Zoning Ordinance, Title 17 of the Municipal Code of Chicago, the Department of Planning and Development hereby submits this report and recommendation on a proposed Business Planned Development for your review and recommendation to the Chicago City Council. This application was introduced into the City Council on December 9, 2015. Proper legal notice of this public hearing on the application was published in the Chicago Sun-Times on January 6 2016. The applicant was separately notified of this hearing.

The applicant proposes to rezone the site from a B3-3 (Community Shopping District) to a Business Planned Development. The applicant proposes to establish a two-story professional hockey practice facility and a community ice rink, with ground floor retail, office space, accessory parking and accessory uses. The site is currently improved with a two story academic building more commonly

known as the Malcom X Community College and an accessory parking lot.

This project has been submitted as a mandatory planned development, pursuant to Section 17-8-0510-B, due to the proposed large commercial development with a net site area of four (4) acres and Section 17-3-0207 as an Entertainment and Spectator Sports for Large venues (1,000 + capacity).

SITE AND AREA DESCRIPTION

The subject property is currently part of the Malcolm X College building but will soon be vacated. The site is surrounded on all sides by a mix of uses; to the north is the New Malcolm X College Campus currently zoned Institutional Planned Development No. 1217 and several smaller scaled buildings currently zoned RM-5, Residential Multi-Unit District and B3-1, Community Shopping District. Along its southern boundary is Interstate 290 (Eisenhower) Expressway

1

FINAL

The site is bounded on the north by Institutional Planned Development No. 1217 and West Jackson Boulevard; on the west by a future multi-story campus development by Rush University; on the south by West Van Buren Street and on the east by South Wood Street and West Ogden Avenue.

The site is located in the Central West Tax Increment Finance District but not located within the boundaries"of the Lake Michigan and Chicago Lakefront Protection District. In addition, it is not located within the boundaries of a Chicago Landmark District and does not contain any designated local or national landmark structures or sites.

The site is served by the Chicago Transit Authority's bus routes #50 (Damen), #126 (Jackson/ Van Buren) and #20 (Madison) bus lines. The CTA rail station at the Illinois Medical District on the Blue Line includes stops located approximately 600 feet from the site along West Ogden Avenue and one further west on West Ogden Avenue.

PROJECT DESCRIPTION

The site is currently improved with a two story educational building more commonly known as the Malcolm X Community College. In January 2016 the school moved across the street to the new campus building. The current building will be demolished, prepared for development and sold to the applicant. The applicant proposes to construct a two-story, 127,000 square foot Ice Rink with 122 accessory parking spaces and includes a full service community hockey training center.

The facility will include two regulation sized ice sheets with capacity for 300 spectators in each rink, locker rooms, fitness facility, food & beverage, and related space. The Project also includes training and fitness facilities to be used as a primary training facility for the Chicago Blackhawks Hockey Club. The Blackhawks will utilize the facility during its practice times.

The training facility will provide hockey and ice skating programs to a wide range of users, with a focus on youth development. Programs will include ice skating, figure skating, recreational skating, recreational and advanced hockey leagues, tournaments, high school and college teams, semi-professional teams, off-ice training-including fitness and nutritional programs, and group events.

DESIGN

The main pedestrian access and entrance to the campus is located along West Jackson Boulevard. The building is designed with a precast concrete panel system, aluminum window system, and metal canopies at the main entry points. The exterior design of the building incorporates an architectural aluminum curtain wall system primarily at the entrances and a corrugated insulated metal panel system; an insulated composite metal panel system further defines the vocabulary and architectural design of the building.

9

FINAL

LANDSCAPING

The perimeter of the project will contain both shrubbery and street tree plantings; the entire planned development, including the surface parking lot along South Wood Street, will meet or exceed the requirements of the Chicago Landscape Ordinance. The project will provide 42 new interior trees and 9,628 square feet of landscaped area.

Along the south edge and east of the property street trees are planted where space is available, while a widened sidewalk runs along the West Jackson Boulevard and South Wood Street to allow for an efficient pedestrian flow and experience.

SUSTAINABILITY

The project will satisfy the requirements for the City of Chicago's Sustainable Development Matrix by providing a 25% green roof over the net roof area and also required to achieve basic L.E.E.D Certification. The entire roof area of the building is 93,355 square feet and will provide a green roof totaling 23,339 square feet.

ACCESS/CIRCULATION

Access to the interior of this project site for pedestrians and bicyclists will be possible via West Jackson Boulevard. A secondary entrance for the Blackhawks team will be located south along the proposed parking lot. The parking lot will accommodate 122 parking spaces. Vehicles with passengers destined for the facility will be able to access the parking lot via two proposed curb cuts; the first curb cut is located along West Jackson Boulevard and second is located along West Van Buren Street.

Individuals arriving via public transportation can currently access the property via numerous CTA bus routes, with stops in the immediate vicinity of the site; or, via the Medical District station CTA Blue

Line, located within approximately 600 feet of the site. In addition to the site's access to public transportation the building is designed to provide a minimum of 26 bike parking spaces. •

BULK/USE/DENSITY

The current maximum allowable Floor Area Ratio (FAR) for the proposed underlying zoning (B3-3) is 3.0, but the proposed project will have a maximum allowable overall FAR of 1.1. The project will include a total of approximately 127,000 square feet of space in the Training facility on a lot with a net site area of approximately 174,240 square feet. The additional F.A.R will allow for a future expansion of the building but will not increase the height of the building. The maximum allowable height for this planned development is 53 feet to the top of the parapet.

This planned development will require a minimum of 80 accessory parking spaces in the proposed on-site parking lot. The total proposed parking spaces are sufficient (per Section 17-10-0207) to accommodate the projected traffic.

RECOMMENDATION

The Department of Planning and Development has reviewed the project materials submitted by the Applicant and have concluded that the proposed development would be appropriate for the site for the following reasons:

1. The project meets the criteria and objectives set forth in Section 17-8-0900 of the Zoning Ordinance and its adoption would not have any adverse impact on the public's health, safety, or welfare and Section 17-8-0102 encourage unified planning and development;
2. The proposed planned development meets the criteria and objectives set forth in Section 17-8-0901 by conforming to the proposed B3-3 Community Shopping District in terms of Use, Bulk, Scale, and by adhering to an F.A.R of 1.1. The B3-3 District permits an F.A.R of 3.0 but the agreed upon F.A.R of 1.1 will not be exceeded.
3. The Central West Tax Increment Financing District Plan Amendment 3 was approved by the Plan Commission on December 17, 2015 and was recently introduced to the Chicago City Council on January 13, 2016, with approval expected in February 10, 2016. The revised Land Use map of the Plan identifies this parcel as "Mixed Use." The proposed project uses for this property would conform to the revised Land Use map in the plan."
4. The public infrastructure facilities and city services will be adequate to serve the proposed development at the time of occupancy. The proposed Planned Development has been reviewed by the Chicago Department of Transportation and all requested changes have been

made.

5. Copies of this application have been circulated to other City departments and agencies and all comments received have been addressed in the revised application. The project will comply with the requirements for access in case of fire and other emergencies.

Based on the foregoing, it is the recommendation of the Department of Planning and Development that this application for a proposed Business Planned Development for, Blackhawk Community Ice Rink, LLC, the applicant be approved and that the recommendation to the City Council Committee on Zoning, Landmarks and Building Standards be "Passage Recommended".
