# 2014-2018 Chicago Five-Year Housing Plan

CHICAGO DEPARTMENT OF PLANNING & DEVELOPMENT

## LETTER FROM THE COMMISSIONER

We are pleased to submit the 2016 First Quarter Progress Report, which presents the Department of Planning and Development's progress on the goals set forth in the City's Five-Year Housing Plan. With this report we begin the third year of the plan, Bouncing Back, which covers the years 2014-18.

During the first quarter of 2016 the City approved funding for two multi-family development projects and launched two new homeownership initiatives: a homebuyer assistance program offering cash support for down payment and closing costs and a home improvement grant program for current homeowners living along the new 606 Trail on the Northwest Side.

As we do at the beginning of each year, the Department is also releasing estimates of housing production under our programs for the full year of 2016. This year we expect to deploy over \$251 million to support almost 8,100 units of housing through programs in the following three categories:

- To Create and Preserve Affordable Rental Units: \$204.6 million to assist 5,610 units
- To Promote and Support Homeownership: \$33.4 million to assist 457 units
- To Improve and Preserve Homes: \$13.1 million to assist 2,007 units

The Department's resources also encompass over \$3 million for other initiatives, including delegate agency programs that support our housing production efforts.

To help readers better understand the production tables included in these quarterly reports, we have included a user's guide to the Department's housing development and preservation programs. The guide is organized according to the three program categories noted above; it offers a brier description of each program along with information about funding sources and reporting methodologies.

The Department of Planning and Development (DPD) is the lead agency for the City's affordable housing, housing preservation and homebuyer assistance programs. DPD also promotes economic development by helping existing businesses grow and attracting new industry to the city, and it coordinates all of our zoning, land use planning, sustainability and historic preservation initiatives.

The unresolved budget impasse in State government has created particular problems in the affordable housing sphere for both local government and our community partners who provide direct services in Chicago's neighborhoods. We at DPD could not succeed in our work without the ongoing support and cooperation of these valued partners, together with elected officials, state and federal agencies and other community stakeholders. Through these efforts, we will continue to move forward in creating and preserving affordable housing for the people of Chicago.

Affordable Housing Plan 2014-2018

## INTRODUCTION

T

*this document is the 2016 First Quarter Progress Report on the Chicago Department of Planning and Development's housing plan, Bouncing Back: Five-Year Housing Plan 2014-2018.*

For 2016, DPD has projected commitments of over \$251 million to assist almost 8,100 units of housing.

During the first quarter of 2016, the Department committed almost \$27 million in funds to support over 3,300 units, which represents 40% of the 2016 unit goal and 10% of the 2016 resource allocation goal.

Affordable Housing Plan 2014-2018

## **CREATION AND PRESERVATION OF AFFORDABLE RENTAL UNITS**

In 2016, the Department of Planning and Development expects to commit almost \$205 million to support more than 5,600 units of affordable rental housing using loans for new construction or rehab along with rental subsidies.

During the first quarter, DPD committed over \$20 million in resources to support nearly 3,200 units. These numbers represent 56% of the 2016 multi-family unit goal and 10% of the multi-family resource allocation goal.

The Department utilizes a variety of programs to support the creation and preservation of affordable rental housing. DPD's major programs are briefly summarized below, along with an explanation of how we count financial commitments and units assisted through these programs in the tables attached to this report.

### **User's Guide: Programs to Create and Preserve Affordable Rental Units**

Program	Description	Funding ; ..*• Source(s)	Reporting. Protocols: "Si ,,: (what gets counted and wheii)^;
Multi-family Loans	Supports construction or rehab of developments that will provide long-term affordable rental units.	HOME, ODBC, Affordable Housing Opportunity Fund, TIF and Corporate (including Density Bonus)	Financial commitments are reported at time of City Council approval of the development. Loan funds can be used in conjunction with MAUI, LIHTCs, DTCs and/or revenue bonds.
Low Income Housing Tax Credit Equity	Federal income tax credits to support construction or preservation of multifamily affordable housing units.	Federal income tax credit & 9% rate-	If a development is receiving other City assistance, such as a loan or City-owned land, then the financial commitments are reported at time of City Council approval. If no other City assistance is being provided, the equity is reported at time of allocation of Low Income Housing Tax Credits, which by itself does not require City Council approval. Financial commitment reported is the value of the equity generated by the LIHTCs.
Multi-family Mortgage Revenue Bonds	Provides bond financing for developers who build or rehabilitate large housing developments for low- and moderate-income renters; also generates private equity investment.	City tax-exempt bonding authority, with an automatic allocation of 4% Low Income Housing Tax Credits	Financial commitments are reported at time of City Council approval.

## Affordable Housing Plan 2014-2018

/Program	Description	Funding Source(s)	Reporting Protocols (what gets counted and when)
City Land	Donates City-owned land to multifamily rental developments in exchange for long-term affordability.	Donated land value can generate private equity through Donations Tax Credit Program	Financial commitments are reported at time of City Council approval. Financial commitment is the value of the land write-down.
Donation Tax Credits (DTCs, also known as Illinois Affordable Housing Tax Credits)	A \$0.50 State of Illinois income tax credit for every \$1 that is donated to an eligible affordable housing development. DPD allocates 24.5% of the amount of credits authorized by the State.'	State of Illinois income tax credit	DPD reports the value of the donation and/or any equity generated by the sale of the tax credits. If the development is receiving other City assistance, such as a loan or City-owned land, then the financial commitments and units assisted are counted at time of City Council approval. If no other City assistance is being provided, the donation or equity and units assisted are counted at the time of reservation of the tax credits, which by itself does not require City Council approval.
Affordable Requirements Ordinance (ARO)	Per City ordinance, developments with more than 10 units receiving City zoning changes (including planned developments in a downtown zoning district), City land or additional financing must make 10-20% of units affordable.	AHOF	Financial commitments and units assisted are reported after payment of in-lieu fee or filing of affordable housing covenant securing construction of required affordable units. This does not necessarily mean these units are under construction, but does imply that they are ready to begin construction, since the building permit may not be released until the covenant has been recorded. The Quarterly Report shows all projects approved subsequent to the 2007 updates to the ARO.
Low Income Housing Trust Fund Rental Subsidy Program	Provides rental subsidies to landlords for tenants whose earnings do not exceed 30% of area median income (\$24,300 for a family of 4 in 2016).	AHOF and State of Illinois Rental Housing Support Program	Financial commitments and units assisted are counted after DPD has a signed agreement with the landlord. Payments to landlords are made quarterly, but the annual financial commitment for each unit is reported in the first quarter of each year. Because new landlord agreements are signed throughout the year, any net change in financial commitments and units assisted is reported quarterly.

Multi-year Affordability through Up-front Investments (MAUI)	Provides up-front financing for developments in exchange for long-term affordability for units that serve households making no more than 30% of area median income.	State of Illinois Rental Subsidy Program, Downtown Density Bonus funds	Financial commitments are reported at time of Chicago Low Income Housing Trust Fund board approval.

## Multi-family Rehab and New Construction

## Magnolia Court Apartments

On February 10 the City Council approved a \$1.5 million Multi-family Loan to support the rehab of a 60-unit affordable rental development in Uptown. The \$4.3 million renovation of Magnolia Court Apartments will feature a new roof, upgraded kitchen and bathroom cabinets, and new energy-efficient appliances. The three-story courtyard building, located at 4878 N. Magnolia Ave. in the 47th Ward, was originally constructed in the 1920s.

The City's assistance will enable the developer, Magnolia Court Apartments LLC, to preserve fifty of the units for residents earning up to 60 percent of area median income; the other ten apartments will be offered at market rents. The loan will be contingent upon the developer and HUD executing a minimum 15-year renewal of an expiring project-based Section 8 contract on the affordable units.

## Trianon Lofts

On February 10 the Council also authorized construction of a new residential and retail complex as the next step in the continuing redevelopment of a 504-unit Section 8 development in Woodlawn. Trianon Lofts, to be developed by Preservation of Affordable Housing, Inc. (POAH), will include 24 rental units, 7,000 square feet of ground-floor retail space and 24 outdoor parking spaces. Half of the apartments in the four-story structure will be made available to households earning up to 80 percent of area median income; the other units will be rented at market rates.

The \$12.5 million project, to be located at 803 E. 61st St. in the 20th Ward, will be assisted by the City through a \$2.5 million Multi-family Loan. Other funding sources will include \$3-3 million in New Markets Tax Credit equity, \$3.3 million in HUD Choice Grant funds and a \$3 million private construction loan. The new building will be named for the Trianon Ballroom, which was located nearby until its demolition in 1967.

*This mixed-use building will be part of POAH's ongoing redevelopment of the former Grove Pare Plaza Apartments site, located along Cottage Grove Avenue between 60th and 63rd Streets.*

Affordable Housing Plan 2014-

# PROMOTION AND SUPPORT OF HOMEOWNERSHIP

In 2016, the Department of Planning and Development expects to commit over \$33 million to help almost 500 households achieve or sustain homeownership. DPD initiatives support the construction of new homes, the acquisition and rehab of deteriorated and abandoned properties and financing programs for home purchase and rehabilitation.

During the first quarter, the Department committed almost \$6 million to support 69 units, achieving 17% of the 2016 homeownership resource allocation goal and 15% of the homeownership unit goal.

The Department utilizes a variety of programs to support and promote homeownership. DPD's major programs are briefly summarized below, along with an explanation of how we count financial commitments and units assisted through these programs in the tables attached to this report.

CDBG & leveraged private funds	Financial commitments and units assisted are counted when the loan closes. The dollar value reported includes any permanent subsidy from DPD plus private financing.

## Mayor Announces New Financial Assistance For Chicago Home Buyers

Low- and middle-income families seeking to buy homes in Chicago neighborhoods are now eligible for financial assistance under a new citywide initiative announced by Mayor Emanuel on January 25. The Home Buyer Assistance Program will help make homeownership possible for working families and individuals by providing support for down payment and closing costs.

The program, which is administered by the Chicago Infrastructure Trust, can be applied to the purchase of any owner-occupied property up to four units, including single-family homes, town homes or condominiums. It may also be used to refinance an existing mortgage.

Qualifying home buyers can receive grants of up to 7 percent of purchase price, based on income. Depending on whether they select an FHA- or Freddie Mac-insured loan, home buyers may have annual incomes of up to approximately \$133,000. Since the typical home in Chicago is sold for \$250,000, an eligible family could receive a grant of more than \$12,000 to help cover down payment and closing costs. First-time buyers must complete a home buyer education course before they can participate in the program. Applications will be accepted by authorized lending institutions on a first-come, first-served basis.

The Home Buyer Assistance Program is one of the new initiatives launched by the City under Mayor Emanuel's Five-Year Housing Plan, which will invest \$1.3 billion between 2014 and 2018 to create or support more than 41,000 units

of housing. The City is providing the initial \$1 million to launch the program, which is expected to become self-sustaining over time.

# IMPROVEMENT AND PRESERVATION OF HOMES

In 2016, the Department of Planning and Development expects to commit over \$13 million to assist more than 2,000 households repair, modify or improve their homes.

During the first quarter, DPD committed almost \$700,000 in resources to support over 100 units, achieving 5% of the 2016 improvement and preservation resource allocation goal and 5% of the improvement and preservation unit goal. These low utilization rates are due in part to the usual seasonal slowdown in our home repair programs, along with the hold-up of certain funds due to the continuing State budget impasse.

The Department utilizes a variety of programs for home improvement and preservation. DPD's major programs are briefly summarized below, along with an explanation of how we count financial commitments and units assisted through these programs in the tables attached to this report.

## New Home Improvement Grants Offered to 606 Trail Homeowners

A new home improvement initiative launched this year by DPD is designed to assist low- and moderate-income homeowners living along the 606 Park and Trail. The 606 Bloomingdale Trail Homeowners Forgivable Loan Program is open to qualified owner-occupants of single-family properties within two

blocks of the 2.7-mile trail running through the Logan Square, Humboldt Park and West Town neighborhoods.

The forgivable loans can cover up to \$25,000 in exterior work affecting roofs, porches, siding, painting, tuck pointing, windows and doors. Loan funds can also be used to address health and safety hazards involving plumbing, heating or electrical systems.

The program is being funded through a \$1,000,000 allocation under the Neighborhood Lending Program, which is administered by Neighborhood Housing Services of Chicago (NHS). To qualify, property owners must earn no more than 80 percent of area median income-approximately \$60,800 for a family of four-and the property must be their principal residence. Applications will be accepted by NHS on a first-come, first-serve basis as long as funds are available.

## POLICY, LEGISLATIVE AFFAIRS AND OTHER ISSUES '

### Neighborhood Stabilization Program Update

Although the City no longer is using NSP grant funds to acquire additional buildings for rehab, we will continue to report on the status of all NSP properties during 2016 until the final units have been completed.

*Through the end of the first quarter, a total of 879 units in 199 properties have been acquired using funds from Chicago's three NSP grants. Construction has started on 826 units in 171 properties; 839 units (190 properties) have been finished or are nearing completion. One hundred ninety-one units (139 properties) have been sold to qualified homebuyers, and 46 multi-family properties containing 635 units have been fully rented out. A list of all properties that have been assisted through NSP can be found in the Appendix. An updated version of this list is available at <<http://www.chicagonsp.org/index.html>>.*
