NARRATIVE AND PLANS

TO A TYPE 1 ZONING AMENDMENT FROM CI-1 to B3-5 12345 South Halsted Street

This project is for the conversion of an existing one story 16,018 square foot 14 feet building on a 21,230 square foot lot from a bowling alley into a funeral home facility with 10 off-street parking spaces. The project is located at 12345 South Halsted Street. This proposal is for interior alterations only. There is no addition planned or contemplated. There are no dwelling units on site and none are proposed. The exterior of the building will be refreshed to reflect the new funeral home use.

The property is presently zoned CI-1 Neighborhood Commercial District. The proposed B3-5 Community Shopping District classification will allow the new owner to complete the renovation of the building. The building permit process has been stopped because of an off-street parking determination that cannot be accommodated on site. The applicant has started the process to purchase nearby property for the purpose of establishing additional off-street parking. This business cannot survive without sufficient off-street parking.

The establishment of this use at this location will be compatible with existing uses in the surrounding area.
