- 15. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority and Women-owned Business Enterprises ("M/WBEs") and city residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the city in promoting and tracking such M/WBE and city resident participation, an applicant for planned development approval shall provide information at three points in the city approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of city residents in the construction work. The city encourages goals of (i) 26% MBE and 6% WBE participation (measured against the total construction budget for the project or any phase thereof), and (ii) 50% city resident hiring (measured against the total construction work hours for the project or any phase thereof)- The M/WBE Participation Proposal must include a description of the Applicant's proposed outreach plan designed to inform M/WBEs and city residents of job and contracting opportunities. department determines may be necessary or useful in evaluating the extent to which M/WBEs and city residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and city residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

16. The Applicant acknowledges and agrees that the rezoning of the Property from the BI-2 Neighborhood Shopping District to the BI-3 Neighborhood Shopping District, and then to this Planned Development ("PD"), triggers the requirements of Section 2-44-080 of the Municipal Code of Chicago (the "Affordable Requirements Ordinance" or "ARO"). Any developer ofa "residential housing project" within the meaning of the ARO must: (i) set aside 10% of the housing units in the residential housing project or, with the approval of the commissioner of the Department of Housing ("DOH"), in an approved off-site location, as affordable units ("ARO Units"); (ii) pay a fee in lieu of the development of the ARO Units; or (iii) any combination of (i) and (ii); provided, however, that residential housing projects with 20 or more units must provide at least 25% of the ARO Units on-site or off-site (the "Required Units"). If the developer elects to provide ARO Units off-site, the off-site ARO Units must be located within a two-mile radius from the residential housing project and in the same or a different higher income area or downtown district. The PD is located in a higher income area within the meaning of the ARO and includes two subareas. Subarea A is improved with the historic Covent Hotel, which has been operating as a single-room occupancy building and will be redeveloped into 30 affordable studio apartments with private bathrooms and kitchens ("Subarea A Project"). The financing documents for the Subarea A Project will govern the affordability of the Subarea A Project, and as a result Subarea A is not subject to the ARO. Subarea B is vacant land that will be developed into a new seven-story residential building with 84 units ("Subarea B Project"). The Subarea B Project is subject to the ARO, and as a result the affordable housing obligation is 8 ARO Units (10% of 84 rounded down), 2 of which are Required Units (25% of 8, rounded down). The Subarea B Project's affordable housing obligation will be satisfied by (a) providing the 2 Required Units on-site in the Subarea B Project, as set forth in the Affordable Housing Profile Form attached hereto and (b) making a cash payment in the amount of \$132,411 per ARO Unit or \$794,466 in total, as adjusted in accordance with Section 2-44-080 ("Cash Payment") in lieu of the development of the remaining 6 ARO Units. Notwithstanding Section 2-44-080(K), the developer of the Subarea B Project ("Subarea B Developer") may pay the Cash Payment into an escrow account controlled by the City of Chicago (the "City") at the time that the Subarea B Developer acquires Subarea B from the Applicant. The City shall release the escrowed funds to the developer of Subarea A ("Subarea A Developer") at the closing of the construction financing for the Subarea A Project, provided that the Subarea A Developer has executed and recorded a regulatory agreement or other instrument obligating the Subarea A Developer to construct the Subarea A Project. If the closing of the construction financing for the Subarea A Project does not occur by December 31. 2021, the escrowed funds will be transferred to the Affordable Housing Opportunity Fund. The Applicant agrees that the ARO Units in Subarea B must be affordable to households earning no more than 60% of the Chicago Primary Metropolitan Statistical Area Median Income ("AMI"), as updated annually by the City. If the Applicant, or its successor in interest, subsequently reduces (or increases) the number of housing units in the PD, the Applicant, or its successor in interest, shall update and resubmit the Affordable Housing Profile Form to DOH for review and approval, and DOH may adjust the number of required ARO Units without amending the PD. Prior to the issuance ofany building permits for any residential building in Subarea B, including, without limitation, excavation or foundation permits, the Applicant, or its successor in interest with respect to Subarea B, must execute

The Commissioner of DOH may enforce remedies for any breach ofthis Statement, including any breach ofany affordable housing agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the PD.
