FINAL FOR PUBLICATION

The Perimeter Restoration Agreement must be executed prior to any Department of Transportation and Planned Development Part II review permitting The Agreement shall reflect that all work must comply with current Rules and Regulations and must be designed and constructed in accordance with the Department of Transportation's Construction Standards for work in the Public Way and in compliance with the Municipal Code of Chicago Chapter 10-20. Design of said improvements should follow the Department of Transportation's Rules and Regulations for Construction in the Public Way as well as The Street and Site Plan Design Guidelines Any variation in scope or design of public way improvements and restoration must be approved by the Department of Transportation.

The applicant shall contribute funds toward the burial of utility lines currently located on Com Ed poles in the north alley within the boundary of the PD should a cost sharing agreement among the neighboring property owners be reached.

4. This Plan of Development consists of 17 Statements; a Bulk Regulations Table; an Existing Zoning Map; an Existing Land Use Map; a Planned Development Boundary and Property Line Map; a Subarea Map; a Site Plan; a Landscape Plan; and Building Elevations (North, South, East and West) prepared by bKL Architecture and dated _____ submitted herein. In any instance where a provision of this Planned Development conflicts with the Chicago Building Code, the Building Code shall control. This Planned Development conforms to the intent and purpose of the Chicago Zoning Ordinance, and all requirements thereto, and satisfies the established criteria for approval as a Planned Development. In case of a conflict between the terms of this Planned Development Ordinance and the Chicago Zoning Ordinance, this Planned Development shall control.
5. The following uses are permitted in the area delineated herein as a Planned Development; Residential Above the Ground floor; Office, Vacation Rental; Shared Mousing; Animal Services (excluding overnight boarding and kennels); Business Equipment Sales and Service; Business Support Services; Communication Service Establishments; Eating and Drinking Establishments (all, including Taverns); Financial Services (excluding payday loan and pawn shops); Food and Beverage Retail Sales; Medical Service; Personal Service; General Retail Sales; Participant Sports and Recreation; Artisan Manufacturing, Production and Industrial Services (only as an accessory use to a principal retail use); Co-located Wireless Communication Facilities, accessory parking and non-accessory parking (up to 45% pursuant to Section 17-10-0503 [with documentation provided]), and incidental and accessory uses.
6. On-Premise signs and temporary signs, such as construction and marketing signs, shall be permitted within the Planned Development, subject to the review and approval of the Department of Planning and Development. Off-Premise signs are prohibited within the boundary of the Planned Development.
7. For purposes of height measurement, the definitions in the Chicago Zoning Ordinance shall apply. The height of any building shall also be subject to height limitations, if any, established by the Federal Aviation Administration.
8. The maximum permitted floor area ratio (FAR) for the Property shall be in accordance with the attached Bulk Regulations and Data Table. For the purpose of FAR calculations and measurements, the definitions in the Zoning Ordinance shall apply. The permitted FAR identified in the Bulk Regulations and Data Table has been determined using a net site area of 26,275 square feet and a base FAR of 7.0.

FINAL FOR PUBLICATION

The Applicant acknowledges that the project has received a bonus FAR of 3.21, pursuant to Sec. 17-4-1000 of the Zoning Ordinance. With this bonus FAR, the total FAR for the Planned Development is 10.21. In exchange for the bonus FAR, the Applicant is required to make a corresponding payment, pursuant to Sections 17-4-1003-B & C, prior to the issuance of the first building permit for any building in the Planned Development; provided, however, if the Planned Development is constructed in phases, the bonus payment may be paid on a pro rata basis as the first building permit for each subsequent new building or phase of construction is issued. The bonus payment will be recalculated at the time of payment (including partial payments for phased developments) and may be adjusted based on changes in median land values in accordance with Section 17-4-1003-C.3

The bonus payment will be split between three separate funds, as follows: 80% to the Neighborhoods Opportunity Fund, 10% to the Citywide Adopt-a-Landmark Fund and 10% to the Local Impact Fund. In lieu of paying the City directly, the Department may: (a) direct developers to deposit a portion of the funds with a sister agency to finance specific local improvement projects; (b) direct developers to deposit a portion of the funds with a landmark property owner to finance specific landmark restoration projects; or, (c) approve proposals for in-kind improvements to satisfy the Local Impact portion of the payment.

9. Upon review and determination. Part II Review, pursuant to Section 17-13-0610, a Part II Review Fee shall be assessed by the Department of Planning and Development. The fee, as determined by staff at the time, is final and binding on the Applicant and must be paid to the Department of Revenue prior to the issuance of any Part II approval.
10. The Site and Landscape Plans shall be in substantial conformance with the Landscape Ordinance and any other corresponding regulations and guidelines, including Section 17-13-0800. Final landscape plan review and approval will be by the Department of Planning and Development. Any interim reviews associated with site plan review or Part II reviews, are conditional until final Part II approval.
11. The Applicant shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Fleet and Facility Management and Buildings, under Section 13-32-085, or any other provision of the Municipal Code of Chicago.
12. The terms and conditions of development under this Planned Development ordinance may be modified administratively, pursuant to Section 17-13-0611 -A, by the Zoning Administrator upon the application for such a modification by the Applicant, its successors and assigns and, if different than the Applicant, the legal title holders and any ground lessors.
13. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.
14. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. The Applicant shall obtain the number of points necessary to meet the requirements of the Chicago Sustainable Development Policy, in effect at the time the Part II

review process is minuted for each improvement that is subject to the aforementioned Policy and must provide documentation verifying compliance.

15. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority and Women-owned Business Enterprises ("M/WBEs") and city residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the city in promoting and tracking such M/WBE and city resident participation, an applicant for planned development approval shall provide information at three points in the city approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBF Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of city residents in the construction work. The city encourages goals of 26% MBE and 6% WBE participation (measured against the total construction budget for the project or any phase thereof), and (ii) 50% city resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the Applicant's proposed outreach plan designed to inform M/WBEs and city residents of job and contracting opportunities. Second, at the time of the Applicant's submission for Part II permit review for the project or any phase thereof, the Applicant must submit to DPD (a) updates (if any) to the Applicant's preliminary outreach plan, (b) a description of the Applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the Applicant's outreach efforts, and (d)

updates (if any) to the applicant's M/WBE and city resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the Applicant must provide DPD with the actual level of M/WBE and city resident participation in the project or any phase thereof, and evidence of such participation. In addition to the foregoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and city residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and city residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

16. The Applicant acknowledges and agrees that the rezoning of the Property from C1-2 Neighborhood Commercial District, to DX-7 Downtown Mixed-Use District, and then to this Residential-Business Planned Development ("PD") is an "entitlement" that triggers the requirements of Section 2-44-085 of the Municipal Code of Chicago (the "ARO"). The PD is located in an "inclusionary housing area" within the meaning of the ARO. The Applicant intends to construct a 282-unit rental building. Developers of rental projects in inclusionary areas with 30 or more units must provide between 10% and 20% of the units in the residential development as affordable, depending on the average depth of affordability provided, as described in Section 2-44-85(F)(2). Regardless of the applicable percentage of affordable units in the rental project, developers must construct at least 25% of the affordable units on-site and another 25% on-site or off-site (collectively, the "Required Units"), and may satisfy the balance of their affordable housing obligation through: (a) the establishment of additional on-site or off-site affordable units; (b) payment of a fee in lieu of the establishment of on-site or off-site affordable units; or (c) any combination thereof. All on-site affordable units must be accessible dwelling units, as required under subsection (W)(10) of the ARO, and developers must give preference in leasing accessible units to people with disabilities. All off-site affordable units must have at least two bedrooms and must be located in a downtown district, inclusionary housing area, or community preservation area.

Whether on-site or off-site, developers must give preference in leasing affordable units of two bedrooms or more to multi-person households, as specified in the ARO rules. If a residential project is located in a transit-served location, off-site units must be located in a substantially comparable transit-served location. The Applicant has elected the 20% option as set forth in the chart in subsection (f)(2) of the ARO. As a result, the Applicant's affordable housing obligation is 56.4 affordable units (20% of 282) and 50% of those units are Required Units Pursuant to subsection (T) of the ARO, the Applicant must either pay a fractional in lieu fee or provide an additional unit on-site or off-site to satisfy the fractional obligation. The Applicant has agreed to satisfy its affordable housing obligation by (a) providing 28 Required Units on-site in the rental building in the PI, as set forth in the Affordable Housing Profile ("AHP") attached hereto, and (b) making a cash payment in the amount of \$55,337,467.6 in total (28.4 x \$1,939,939), as adjusted in accordance with the ARO ("Cash Payment") in lieu of the development of the remaining 28.4 ARO units. Notwithstanding subsection (M) of the ARO, Applicant may pay the Cash Payment into an escrow account controlled by the City of Chicago (the "City") at the time that the Applicant records the Inclusionary Housing Agreement ("IHA"). The City shall release the escrowed funds to the developer of 2548 South Federal Street, Chicago, IL (the "SL Solar Lofts Developer"), or, at the City's option, to the construction escrow account, at the closing of the construction financing for development at 2548 South Federal Street, provided that the SL Solar Lofts Developer has executed and recorded an IHA (or other regulatory agreement acceptable to the City) obligating the SL Solar Lofts Developer to construct the 28 affordable housing units at 2548 South Federal Street and, if applicable, has entered into a construction escrow agreement acceptable to the City. The off-site development will be a newly renovated 44-unit residential development. The off-site development requires an entitlement to build its planned 44 dwelling units. As a result, the off-site development's affordable housing obligation is 4 affordable units (20% of its 16 market rate units, rounded up). In total, the SL Solar Lofts Developer plans to provide 32 affordable units at 2548 South Federal Street (its obligation of 4 affordable units and Applicant's obligation of 28 affordable units) and 12 market rate units. The off-site development will be sustainable with an energy efficient building design, rooftop solar photovoltaic system, energy efficient appliances, IoT integration and electric vehicle (EV) charging stations. If the closing of the construction financing for the off-site development does not occur by December 31, 2022, the escrowed funds will be transferred, at the City's direction, to the Affordable Housing Opportunity Fund and the ARO obligation for SL Solar Lofts Developer's will be 8.8 affordable units (20% of its 44 dwelling units). The Applicant agrees that the on-site affordable rental units must be affordable to households with a range of incomes averaging 60% of the Chicago Primary Metropolitan Statistical Area Median Income ("AMI"), as updated annually, provided that (x) the maximum income level for any affordable unit may not exceed 80% of the AMI, (y) at least one-third must be affordable to households at or below 50% of the AMI, of which one-sixth must be affordable to households at or below 40% of the AMI, and (z) all income levels must be multiples of 10% of the AMI. If the Applicant requests to change its method of compliance with the ARO after the passage of this PD, the Applicant shall update and resubmit the AHP to DOH for review and approval. DOH may adjust the AHP

in accordance with the ARO without amending the PD, provided however, any request to relocate affordable units from on-site to an off-site location requires an informational presentation to the Plan Commission. Prior to the issuance of any building permits for any residential building in the PD, including, without limitation, excavation or foundation permits, the Applicant must execute and record the IHA, in accordance with subsection (N) of the ARO. The terms of the IHA and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the IHA will be recorded against Subarea B of the PD, and will constitute a lien against such property. The Commissioner of DOH may enforce remedies for any breach of this Statement 16, including any breach of any IHA, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the PD. This statement does not

DEPARTMENT OF PLANNING AND DEVELOPMENT CITY OF CHICAGO

MEMORANDUM

To: Aldennan Tom Tunney
Chairman, City Council Committee on Zoning

From: Maurice D. Cox Chicago Plan Commission

Date: September 16, 2021

Re: Proposed Residential-Business Planned Development - 160 N. Morgan St.

On September 16, 2021, the Chicago Plan Commission recommended approval of the proposed Planned Development, submitted by 160 N. Morgan, LLC. A copy of the proposed ordinance, planned development statements, bulk table and exhibits are attached. I would very much appreciate your assistance in having this introduced at the next possible City Council Committee on Zoning.

Also enclosed is a copy of the staff report to the Plan Commission which includes the Department of Planning and Development, Bureau of Zoning recommendation and a copy of the resolution. If you have any questions in this regard, please do not hesitate to contact Joshua Son at 312-744-2780.
