ORDINANCE

Whereas, On January 26, 2021, the Committee on Zoning, Landmarks and Building Standards of the City Council of the City of Chicago met to consider an ordinance establishing Residential-Business Planned Development Number 1329 for the property generally located at 1050 W. Wilson Avenue; and

Whereas, At the committee meeting, a substitute ordinance was offered and accepted by the committee in lieu of the original ordinance, and the committee considered and recommended passage of the substitute ordinance ("SO2020-782"); and

Whereas, Because of an administrative error, the document that was reported out of the committee to the City Council during the City Council meeting on January 27, 2021, then transmitted to the City Clerk and published in the Journal of Proceedings of the City Council of the City of Chicago for the regular meeting held on Wednesday, January 27, 2021, on pages 27256 through 27285, was not the final and complete ordinance; and

Whereas, The ordinance transmitted to the City Clerk was an early draft of the ordinance, not the final version; and

Whereas, It is necessary to correct this error by striking the ordinance passed on January 27, 2021 and replace it with this ordinance, which supersedes SO2020-782, because it is accurate and complete; now, therefore,

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CHICAGO:

SO2020-782 is hereby repealed and replaced in its entirety with the following:

ORDINANCE

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CHICAGO:

to those of Residential-Business Planned Development No. 1329, as amended.

Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.

14. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. The Applicant shall seek building certification and provide a green roof of not less than 50% of the net roof area on the new construction building equivalent to an actual total of 4,097 square feet.

15. The Applicant acknowledges and agrees that the previous rezoning of the Property from B3-2 to B3-5 and then to Planned Development 1329, triggered the requirements of Section 2-44-070 of the Municipal Code (the "Affordable Requirements Ordinance" or "ARO"). Any developer of a "residential housing project" within the meaning of the ARO must: (i) set aside 10% of the housing units in the residential housing project ("ARO Units") as affordable units, or with the approval of the commissioner of the Department of Housing ("DOH") (subject to the transition provisions of Section 2-44-040(c)), in consultation with the commissioner of the Department of Planning and Development ("DPD") as appropriate; (ii) pay a fee in lieu of the development of the ARO Units (Cash Payment); or (iii) any combination of (i) and (ii); provided, however, that residential housing projects with 20 or more units must provide at least 25% of the ARO Units on-site or off-site (Required Units). If the developer elects to provide ARO Units off-site, the off-site ARO Units must be located within a two-mile radius from the residential housing project and in the same or a different higher income area or downtown district. The Property is located in a higher income area within the meaning of the ARO, and the project has a total of 62 units. As a

result, the Applicant's affordable housing obligation is 7 ARO Units (10% of 62 rounded up).

Applicant has agreed to satisfy its affordable housing obligation by providing 7 ARO Units in the rental building to be constructed in the Planned Development to be approved by the Department of Housing in consultation with DPD as appropriate, as set forth in the Affordable Housing Profile Form attached hereto as Exhibit A. The Applicant agrees that the ARO rental Units must be affordable to households earning no more than 60% the Chicago Primary Metropolitan Statistical Area Median Income (AMI), as updated annually by the City of Chicago. If the Applicant subsequently reduces (or increases) the number of ARO Units in the Planned Development, the Applicant shall update and resubmit the Affordable Housing Profile Form to the Department of Housing for review and approval, and DOH may adjust the number of required ARO Units without amending the Planned Development. Prior to the issuance of any building permits for any residential building in the Planned Development, including, without limitation, excavation or foundation permits, the Applicant must execute and record an affordable housing agreement in accordance with Section 2-44-080(L). The terms of the affordable housing agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the affordable housing agreement will be recorded against the Planned Development, or the applicable portion thereof, and will constitute a lien against such property. The Commissioner of DOH may enforce remedies for any breach of this Statement 15, including any breach of any affordable housing agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the Planned Development.
