EXECUTIVE SUMMARY

The Illinois General Assembly passed the Tax Increment Allocation Redevelopment Act (65 ILCS 5/11-74.4-1 et.seq.) (the "Act") to address the growing number of blighted areas in many Illinois municipalities. The blighting of communities impairs the value of private investment and threatens the growth of the community's

tax base. The Act declares that in order to promote the public health, safety, morals, and welfare, blighting conditions must be eliminated.

Therefore, to induce redevelopment pursuant to the Act, the Chicago City Council adopted three ordinances on June 30,1997 approving the Near North Tax Increment Financing Redevelopment Project and Plan (the "Original Plan"); designating the Near North Project Area (the "Original Redevelopment Project Area"); and adopting tax increment financing for the Original Redevelopment Project Area. On April 24, 2020, the City Council adopted an ordinance amending the Original Plan to allow for a 24th year thereby extending the Original Redevelopment Project Area to December 31, 2021, ("Amendment No. 1").

In February of 2021 Johnson Research Group, Inc. ("JRG") was retained by the City of Chicago to further amend the Original Plan to extend its term by twelve years for a completion date of December 31, 2033, amend the redevelopment project estimated project costs, bring the Original Plan up to current City ordinance and policy standards, and identify updates to the General Land Use plan, ("Amendment No. 2"). Unless otherwise noted, the content of this report is the responsibility of JRG.

The City hereby certifies that there will not be displacement of 10 or more inhabited units as a result of the Original Plan. As such, a housing impact study is not required as part of Amendment No. 2.

The primary purpose of Amendment No. 2 is extending the time needed for the Chicago Housing Authority ("CHA") to complete the substantial buildout of the former site of the Cabrini-Green housing complex within the Project Area, fulfilling their vision of creating diverse mixed-income communities in the Near North Redevelopment Project Area, as well as other areas throughout the City of Chicago.

NEAR NORTH REDEVELOPMENT PROJECT AND PLAN - AMENDMENT NO. 2

The changes to the Original Plan are presented Section by Section and follow the format of the Original Plan. Changes are prefaced in italics with the appropriate replaced text below in this document entitled the Near North TIF Redevelopment Project and Plan - Amendment No. 2 ("Amendment No. 2").

1. INTRODUCTION

No changes.

2. REDEVELOPMENT PROJECT AREA DESCRIPTION Current Land Use and

Zoning

After the seventh paragraph of this section, insert the following paragraphs: 2021

Update of Land Use and Zoning

The Project Area has experienced substantial residential and commercial development scattered throughout the Project Area, but many large areas remain undeveloped. Much of the undeveloped land belongs to the CHA, and the CHA continues to build out its multi-year Plan Forward by filling in vacant land with high-quality mixed-income and mixed-density housing.

The mixture of land uses present in the Project Area in 2021 represent a much more compatible blend of residential, commercial, recreational/open space, and institutional uses (schools, churches, arts centers, etc.) as compared to 1997. Figure 2-2021: Existing Land Use provides an update of land uses present in the Project Area as of April 2021, and Figure 3-2021: Existing Zoning identifies the current zoning for the Project.

Access

After the fifth paragraph of this section, insert the following paragraph:

As of 2021, the street grid has been considerably improved with the extensions of Cambridge, Cleveland and Hudson Avenues, between Division and Oak Streets, and the blocks within this area are continuing to build out as part of City and CHA redevelopment plans.

3. ELIGIBILITY OF THE PROJECT AREA FOR DESIGNATION AS A BLIGHTED AREA

No changes.

Near North TIF Redevelopment Plan - Amendment No 2 May 27, 2021

4. COMMUNITY PLANNING OBJECTIVES/REDEVELOPMENT PLAN GOALS AND OBJECTIVES

Insert the following paragraphs after the second paragraph of this Chapter.

The Near North Redevelopment Plan and Project - Amendment No. 2 is consistent with the City's recently 4 4updated Halsted Triangle Plan (updated in 2020), the downtown expanded zoning area (updated in 2016 and 2017), the Wild Mile (along the North Branch Chicago River south of Division Street), and the Transit-Served Location (TSL) ordinance, subject to any subsequent revisions or amendments to these City plans and ordinances. The Plan is also guided by the Cabrini-Green Development Zone (updated April 2015) developed by the Chicago Housing Authority.

• The Halsted Triangle Plan, adopted by the Chicago Plan Commission in 2010 and

updated in 2020, is intended to generally guide the implementation of future public and private projects within the Halsted Triangle (bounded by North Avenue, Halsted Street, and the North Branch Canal ofthe Chicago River) and along the Clybourn Avenue corridor.

- The Wild Mile Chicago is a planned floating eco-park located on the North Branch Canal of the Chicago river between Chicago Avenue and North Avenue.
- The TSL ordinance allows for the potential of an increased density bonus for developments within one-quarter mile of transit stations. This would include the area within one-quarter mile of a new Division Street Brown Line station if that planned station is developed.
- The downtown expanded zoning area updates the downtown zoning district geography, as approved by City Council in 2016. All of the Near North Project Area south of Division Street is included in this expanded downtown zoning geography.

Redevelopment Plan Goals and Objectives

The following objectives should be added to the list of objectives in this section:

- Upgrade transportation infrastructure within and through the Project Area to sufficiently accommodate greater densities of workers and residents.
- Promote connectivity between modes of transportation, between land uses, and between the natural and built environments.
- Promote and support non-residential uses along the river. v
- Provide the opportunity for a continuous riverwalk and a connecting non-vehicular path system.
- Create strong connections to and from the riverwalk.
- Large development parcels should be subdivided into a network of blocks that are pedestrianscaled and walkable.
- While reestablishing the local street grid and connections to surrounding neighborhoods, ensure that street function and character are designed in

Near North TIF Redevelopment Plan - Amendment No 2 May 27, 2021

- accordance with Chicago Department of Transportation's Complete Streets Chicago and Sustainable Urban Infrastructure Policies and Guidelines.
- Provide new green spaces to help meet the needs of a growing population and supply outlets for families that encourage community engagement.
- Promote sustainable neighborhood development by incorporating principles of LEED-ND standards and the City's sustainability requirements in building and site design.
- Encourage development within the downtown expanded zoning area, which includes all sites in the Project Area south of Division Street.

5. **REDEVELOPMENT PLAN**

No changes.

6. REDEVELOPMENT PROJECT DESCRIPTION

The first two sentences ofthe sixth paragraph of this section should be deleted and replaced with the following:

The City requires that developers who receive TIF assistance for market rate housing set aside 20 percent of the units to meet affordability criteria established by the City's Department of Planning and Development or any successor agency. Generally, this means the affordable forsale units should be priced at a level that is affordable to persons earning no more than 100 percent of the area median income, and affordable rental units should be affordable to persons earning no more than 60 percent of the area median income. From time to time, the City changes the affordability requirements and thresholds, and developers seeking TIF assistance or zoning changes will be required to comply with the City's affordability requirements in force at the time of commencing their project.

In the section of Development Strategies/Redevelopment Activities, under the subheading "Site Assembly", the first paragraph shall be deleted and replaced with the following two paragraphs:

To meet the goals and objectives of this Plan, the City may acquire and assemble property throughout the Project Area. Land assemblage by the City may be by purchase, exchange, donation, lease, eminent domain or through the Tax Reactivation Program and may be for the purpose of (a) sale, lease or conveyance to private developers, or (b) sale, lease, conveyance or dedication for the construction of public improvements or facilities. Furthermore, the City may require written redevelopment agreements with developers before acquiring any properties. As appropriate, the City may devote acquired property to temporary uses until such property is scheduled for disposition and development.

Near North TIF Redevelopment Plan - Amendment No. 2 May 27, 2021

In connection with the City exercising its power to acquire real property, including the exercise of the power of eminent domain, under the Act in implementing the Plan, the City will follow its customary procedures of having each such acquisition recommended by the Community Development Commission (or any successor commission) and authorized by the City Council of the City. Acquisition of such real property as may be authorized by the City Council does not constitute a change in the nature of this Plan.

In the section of Development Strategies/Redevelopment Activities, under the subheading "Relocation Costs", the first paragraph shall be deleted and replaced with the following:

Relocation assistance may be provided in order to facilitate redevelopment of portions ofthe Project Area, and to meet the other City objectives. Businesses or households legally occupying properties to be acquired by the City may be provided with relocation advisory and financial assistance as determined by the City.

At the end of the section of Development Strategies/Redevelopment Activities, a new subheading and text shall be added, as follows:

Intergovernmental Agreements and Redevelopment Agreements

The City may enter into redevelopment agreements or intergovernmental agreements with private entities or public entities to construct, rehabilitate, renovate or restore private or public improvements on one or several parcels (collectively referred to as "Redevelopment Projects").

7. GENERAL LAND USE PLAN AND MAP

Chapter 7, paragraph two shall be deleted in its entirety and replaced with the following:

Figure 10. Amended General Land Use Plan presents the generalized land uses that will be in effect upon adoption of this Amended Plan. The uses identified are based upon land uses outlined in the Original Plan and incorporate updates drawn from the Halsted Triangle Plan, the Cabrini-Green Development Zone Plan (April 2015), the Wild Mile framework, and the Chicago Zoning Ordinance including planned developments implemented and proposed. All development should comply with the Redevelopment Plan objectives set forth in Section 4 above, the Chicago Zoning Ordinance, the Halsted Triangle Plan, Cabrini-Green Development Zone Plan and all other relevant City ordinances and development guidelines.

The generalized Land Use Plan designates five (5) land use categories, excluding public rights of way, within the Redevelopment Project Area as described below,

1. Residential

Residential land-use makes up the large majority of the Redevelopment Project Area and the strength and stability of this land use component is the primary building block for community revitalization. Development of new housing is

Near North TIF Redevelopment Plan - Amendment No. 2 May 27, 2021

encouraged throughout the Redevelopment Project Area, with strategic focus starting with proximity to community building blocks such as libraries, schools, and public transportation. New residential buildings should include a range of densities from townhome developments to mid and high-rise developments.

Predominantly low-density residential use should be encouraged where business or commercial use is not economically viable while higher density, commercial and multi-family residential developments encouraged where transit lines, accessibility and visibility come together to create an environment where the mix of uses serve and support employees, businesses and residents.

Compatible uses in this category include local parks and open space, smaller scale religious institutions, day care homes or centers, and social service centers, as permitted within the City's Zoning Ordinance, which support and complement the residential neighborhood.

2. Mixed Use

The Mixed-Use land use designation recognizes that the primary commercial corridors of the early 20th century have given way to an urban blend of uses and intensity of development. Mixed-use areas now serve as transitional uses between the auto-oriented commercial-intensive centers and predominantly residential areas on the interior of the neighborhood. This designation is intended to address a varied mix of residential, commercial and institutional uses that serve and complement the neighborhood.

Within the Redevelopment Project Area, there are several arterial corridors including Clybourn Avenue, Division Street, and Chicago Avenue. These corridors should serve as vibrant, mixeduse corridors with ground floor commercial uses with residential or service commercial uses above. A concentration of neighborhood scale commercial uses that offer quality goods and services and promote pedestrian activity are encouraged in these areas to keep spending power within the community while enlivening the street. While the heart of the corridors may be home to a mix of uses including commercial and residential as well as complementary public or institutional uses, more intensive retail, service or entertainment uses are encouraged at key commercial nodes with good accessibility, visibility and in proximity to similar and compatible uses such as Halsted/Division, Larabee/Division, and Clyborn/Division/Sedgewick.

3. **Commercial/Industrial**

The western edge of the Project Area is intended to serve as a buffer between the Goose Island Planned Manufacturing District on the west and the residential uses on the east. This land use category may include commercial, industrial and office uses. Residential uses are prohibited due to the area's proximity to the more intensive industrial uses of Goose Island on the opposite side of the river. Planned

Near North TIF Redevelopment Plan - Amendment No. 2 May 27, 2021

development applications with daycare, school, hospital, outdoor dining or outdoor entertainment uses along this portion of the river will be discouraged where opposite from or adjacent to heavy industrial uses.

The commercial/industrial areas are illustrated in Figure 10. Amended General Land Use Plan.

4. Institutional

The Institutional land use category identifies major educational, recreational, and civic facilities which are important physical assets of the community and serve as social gathering places. These are among the most important building blocks of the community and include public schools, libraries, police and fire stations, and post offices. School and library facilities and programming should be enhanced for the benefit and growth of the whole community. This category also includes private-institutional assets which are facilities that provide critical community services by non-profit or quasi-public organizations. In the event of disposition of any property associated with institutional land uses, mixed-uses under the guidance ofthe Planned Development process would be appropriate.

5. Public Parks - Open Space

Parks-Open Space areas include neighborhood scale public parks and open space areas. In addition to larger parks and recreation areas, smaller parks and open space for day to day enjoyment and recreational opportunities are encouraged within the Redevelopment Project Area to serve existing and future residents of existing neighborhoods and community areas.

Bicycle path development and bike rental stations are encouraged at park and recreation locations, transit stations and other key pedestrian locations within the Redevelopment Project Area.

8. **DESIGN CONTROLS AND CRITERIA**

No changes.

9. REDEVELOPMENT PLAN AND PROJECT FINANCING

The entire section entitled "Eligible Project Costs" shall be deleted and replaced with the following:

The various redevelopment expenditures that are eligible for payment or reimbursement under the Act are reviewed below. Following this review is a list of estimated redevelopment project costs that are deemed to be necessary to implement this Plan (the "Redevelopment Project Costs.")

Near North TIF Redevelopment Plan - Amendment No. 2 May 27, 2021

In the event the Act is amended after the date of the approval of this Plan by the City Council of Chicago to (a) include new eligible redevelopment project costs, or (b) expand the scope or increase the amount of existing eligible redevelopment project costs (such as, for example, by increasing the amount of incurred interest costs that may be paid under 65 ILCS 5/11-74.4-3(q) (11)), this Plan shall be deemed to incorporate such additional, expanded or increased eligible costs as Redevelopment Project Costs under the Plan, to the extent permitted by the Act. In the event of such amendment(s) to the Act, the City may add any new eligible redevelopment project costs as a line item in Table 1 or otherwise adjust the line items in Table 1 without amendment to this Plan, to the extent permitted by the Act. In no instance, however, shall such additions or adjustments result in any increase in the total Redevelopment Project Costs without a further amendment to this Plan.

Eligible Redevelopment Costs

Redevelopment project costs include the sum total of all reasonable or necessary costs incurred, estimated to be incurred, or incidental to this Plan pursuant to the Act. Such costs may include, without limitation, the following:

- a) Costs of studies, surveys, development of plans and specifications, implementation and administration of the redevelopment plan including but not limited to, staff and professional service costs for architectural, engineering, legal, financial, planning or other services (excluding lobbying expenses), provided that no charges for professional services are based on a percentage of the tax increment collected;

- i) An elementary, secondary, or unit school district's increased costs attributable to assisted housing units will be reimbursed as provided in the Act;

- k) Payment in lieu of taxes, as defined in the Act;
- Costs of job training, retraining, advanced vocational education or career education, including but not limited to, courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one or more taxing districts, provided that such costs: (i) are related to the establishment and maintenance of additional job training, advanced vocational education or career education programs for persons employed or to be employed by employers located in the Project Area; and (ii) when incurred by a taxing district or taxing districts other than the City, are set forth in a written agreement by or among the City and the taxing district or taxing districts, which agreement describes the program to be undertaken including but not limited to, the number of employees to be trained, a description ofthe training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term ofthe agreement. Such costs include, specifically, the payment by community college districts of costs pursuant to Sections 3-37, 3-38, 3-40, and 3-40.1 ofthe Public Community College Act, 110 ILCS 805/3-37, 805/3-38, 805/3-40 and 805/3-40.1, and by school districts of costs pursuant to Sections 10-22.20a and 10-23.3a ofthe School Code, 105 ILCS 5/10-22.20a and 5/10-23.3a;

- 2. such payments in any one year may not exceed 30 percent of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;
- 3. if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this provision, then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;
- 4. the total of such interest payments paid pursuant to the Act may not exceed 30 percent of the total: (i) cost paid or incurred by the redeveloper for such redevelopment project, plus (ii) redevelopment project costs excluding any property assembly costs and any relocation costs incurred by the City pursuant to the Act; and
- 5. up to 75 percent of the interest cost incurred by a redeveloper for the financing of rehabilitated or new housing units for low-income households and very low-income households, as defined in Section 3 ofthe Illinois Affordable Housing Act.
- n) Instead of the eligible costs provided for in (m) 2, 4 and 5 above, the City may pay up to 50 percent ofthe cost of construction, renovation and/or rehabilitation of all low- and very low-income housing units (for ownership or rental) as defined in Section 3 ofthe Illinois Affordable Housing Act. If the units are part of a residential redevelopment project that includes units not affordable to low- and very low-income households, only the low- and very low-income units shall be eligible for benefits under the Act; o) The cost of daycare services for children of employees from low-income families working for businesses located within the Project Area and all or a portion ofthe cost of operation of day care centers established by Project Area businesses to serve employees from low-income families working in businesses located in the Project Area. For the purposes of this paragraph, "low-income families" means families whose annual income does not exceed 80 percent of the City, county or regional median income as determined from time to time by the United States Department of Housing and Urban Development;
 - p) Unless explicitly provided in the Act, the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project cost; q) If a special service area has been established pursuant to the Special Service Area Tax Act, 35 ILCS 235/0.01 et. seq. then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act may be used within the Project Area for the purposes permitted by the Special Service Area Tax Act as well as the purposes permitted by the Act.

The section entitled "Estimated Project Costs", which lists and describes eleven types of eligible costs, shall be deleted in its entirety and replaced with the following:

This category may also include paying for or reimbursing (i) an elementary, secondary or unit school district's increased costs attributed to assisted housing units, and (ii) capital costs of taxing districts impacted by the redevelopment of the Project Area. As permitted by the Act, to the extent the City by written agreement accepts and approves the same, the City may pay, or reimburse all, or a portion of a taxing district=s capital costs resulting from a redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the Plan.

Additional funding from other sources such as federal, state, county, or local grant funds may be utilized to supplement the City's ability to finance Redevelopment Project Costs identified above.

Near North TIF Redevelopment Plan - Amendment No. 2 May 27, 2021

The section following Table 1, with the heading of "Sources of Funds", shall be deleted and replaced with the following:

Sources of Funds to Pay Redevelopment Project Costs

Funds necessary to pay for Redevelopment Project Costs and secure municipal obligations issued for such costs are to be derived primarily from Incremental Property Taxes. Other sources of funds which may be used to pay for Redevelopment Project Costs or secure municipal obligations are land disposition proceeds, state and federal grants, investment income, private financing and other legally permissible funds the City may deem appropriate.

The City may incur redevelopment project costs which are paid for from funds of the City other than incremental taxes, and the City may then be reimbursed from such costs from incremental taxes. Also, the City may permit the utilization of guarantees, deposits and other forms of security made available by private sector developers. Additionally, the City may utilize revenues, other than State sales tax increment revenues, received under the Act from one redevelopment project area for eligible costs in another redevelopment project area that is either contiguous to, or is separated only by a public right-of-way from, the redevelopment project area from which the revenues are received.

The Project Area may be contiguous to or separated by only a public right-of-way from other redevelopment project areas created under the Act. The City may utilize net incremental property taxes received from the Project Area to pay eligible redevelopment project costs, or obligations issued to pay such costs, in other contiguous redevelopment project areas or project areas separated only by a public right-of-way, and vice versa. The amount of revenue from the Project Area, made available to support such contiguous redevelopment project areas, or those separated only by a public right-of-way, when added to all amounts used to pay eligible Redevelopment Project Costs within the Project Area, shall not at any time exceed the total Redevelopment Project Costs described in this Plan.

The Project Area may become contiguous to, or be separated only by a public right-of-way from, redevelopment project areas created under the Industrial Jobs Recovery Law (65 ILCS 5/11-74.6-1, et sea.). If the City finds that the goals, objectives and financial success of such contiguous redevelopment project areas or those separated only by a public right-of-way are interdependent with those of the Project Area, the City may determine that it is in the best interests of the City and the furtherance ofthe purposes ofthe Plan that net revenues from the Project Area be made available to support any such redevelopment project areas, and vice versa. The City therefore proposes to utilize net incremental revenues received from the Project Area to pay eligible redevelopment project costs (which are eligible under the Industrial Jobs Recovery Law referred to above) in any such areas and vice versa. Such revenues may be transferred or

Near North TIF Redevelopment Plan - Amendment No. 2 May 27, 2021

loaned between the Project Area and such areas. The amount of revenue from the Project Area so made available, when added to all amounts used to pay eligible Redevelopment Project Costs within the Project Area or other areas as described in the preceding paragraph, shall not at any time exceed the total Redevelopment Project Costs described in Table 1 of this Plan.

The section with the heading of "Nature and Term of Obligations to be Issued" shall be deleted and replaced with the following:

ISSUANCE OF OBLIGATIONS

The City may issue obligations secured by Incremental Property Taxes pursuant to Section 11-74.4-7 ofthe Act. To enhance the security of a municipal obligation, the City may pledge its full faith and credit through the issuance of general obligations bonds. Additionally, the City may provide other legally permissible credit enhancements to any obligations issued pursuant to the

Act.

The redevelopment project shall be completed, and all obligations issued to finance redevelopment costs shall be retired, no later than December 31 ofthe year in which the payment to the City treasurer as provided in the Act is to be made with respect to ad valorem taxes levied in the thirty-fifth calendar year following the year in which the ordinance approving the Project Area is adopted.

Also, the final maturity date of any such obligations which are issued may not be later than 20 years from their respective dates of issue. One or more series of obligations may be sold at one or more times in order to implement this Plan. Obligations may be issued on a parity or subordinated basis.

In addition to paying Redevelopment Project Costs, Incremental Property Taxes may be used for the scheduled retirement of obligations, mandatory or optional redemptions, establishment of debt service reserves and bond sinking funds. To the extent that Incremental Property Taxes are not needed for these purposes, and are not otherwise required, pledged, earmarked or otherwise designated for the payment of Redevelopment Project Costs, any excess Incremental Property Taxes shall then become available for distribution annually to taxing districts having jurisdiction over the Project Area in the manner provided by the Act.

The section with the heading of "Anticipated Equalized Assessed Valuation", shall be deleted in its entirety and replaced with the following:

Anticipated Equalized Assessed Valuation

Once the project has been completed and the property is fully assessed, the equalized assessed valuation (EAV) of real property within the Redevelopment Project Area is estimated at between \$900,000,000 and \$1,000,000,000. This

Near North TIF Redevelopment Plan - Amendment No 2 May 27, 2021

estimate has been calculated assuming that the Redevelopment Project Area will be developed in accordance with amended general land use plan described in Figure 10: Amended General Land Use Plan of this document.

The EAV assumes that the assessed value of property withing the study area will increase substantially as a result of new development within the Redevelopment Project Area.

Calculation of the projected EA V is based on several other assumptions, including:

- 1) redevelopment ofthe Redevelopment Project Area will occur in a timely manner;
- 2) the application of a State Equalization Factor for Cook County of 2.916 to the projected assessed value of property within the study area; 3) an aggregate property tax rate of 6.89 percent applied to the incremental EA V, and 4) an annual inflation rate of 3.0 percent. The projected tax rate and State Equalization Factor for Cook County are based on the actual most recent values for assessment year 2019.

Financial Impact on Taxing Districts

The following paragraph shall be added at the end of the section entitled "Financial Impact on Taxing Districts":

The Act requires an assessment of any financial impact of the Project Area on, or any increased demand for services from, any taxing district affected by the Plan and a description of any program to address such financial impacts or increased demand. The City intends to monitor development in the Project Area and with the cooperation of the other affected taxing districts will attempt to ensure that any increased needs are addressed in connection with any particular development.

The next section, entitled "Completion of the Redevelopment Project and Retirement of Obligations to Finance Redevelopment Projects Costs", shall be deleted, as the topic has been addressed earlier in the document.

10. PROVISIONS FOR AMENDING THE PLAN
