Such contracts shall be subject to approval of the corporation counsel as to form and legality;

The confidential information, records, specimens, and data may support activities including, but not limited to, the reporting of disease, injury, or vital events such as birth or death; the conducting of public health surveillance, public health investigations, and public health interventions; the performance of epidemiological studies; and the application of data science methods or other analytic models that protect and promote public health. Any person required to provide such information, records, specimens, and data to any local, state, or federal government agency shall, at the request of the Commissioner, or as set out in rules promulgated in furtherance of this subsection, also provide it to the Department, except where prohibited by law. The Commissioner is authorized to contract with a person to act as a public health authority, as defined at 45 C.F.R. § 164.501, which person may collect, receive, and maintain confidential information, records, specimens, and data, including protected health information consistent with 45 C.F.R. § 164.512(b)(1)(i), for the purpose of preventing or controlling disease, injury, or disability.

Except as otherwise provided in this subsection, a subpoena shall be served in the same manner as subpoenas issued under the Rules of the Illinois Supreme Court to compel appearance of a deponent, and subject to the same witness and mileage fees fixed by law for such subpoenas.

A subpoena issued under this subsection shall identify the person to whom it is directed and the documents or other items sought thereby, if any, and the date, time and place for the appearance of the witness and production of the documents or other items described in the subpoena. Except for investigations related to a public health emergency, as determined by the Commissioner, the date for examination or production shall not be less than seven days after service of the subpoena. The Commissioner shall determine the date for examination or production for investigations related to a public health emergency on a case-by-case basis, considering the need to preserve the public health and safety. For purposes of this subsection, the term "public health emergency" includes a threat to the public health or safety that is

expected to occur within a reasonably short time, or that is present now, although the impact of the threat may not be felt until later.

No later than the time for appearance or production required by the subpoena, the person to whom the subpoena is directed may object to the subpoena, in whole or in part. The objection shall be in writing, delivered to the Commissioner, and shall specify the grounds for the objection. Except in cases of a public health emergency, for seven days after receipt of a timely objection to a subpoena, no action shall be taken to enforce the subpoena or to initiate prosecution of the person to whom the subpoena is directed. During this seven-day period, the Commissioner shall consider the grounds for the objection and may attempt to resolve the objection through negotiation with the person to whom the subpoena is directed. The seven-day period may be extended by the Commissioner in order to allow completion of any negotiations. The extension shall be in writing addressed to the person to whom the subpoena is directed, and shall specify the date on which the negotiation period will end. Negotiations may include such matters as the scope of the subpoena and the time, place and manner of response thereto. The filing of an objection to a subpoena, and negotiations pursuant to an objection, shall not constitute refusal to comply with the subpoena, or interference with or obstruction of an investigation.

No person shall willfully refuse to comply with a subpoena issued by the Commissioner, or otherwise knowingly interfere with or obstruct an investigation conducted by the Commissioner. Any person who willfully violates this subsection shall be subject to a fine of not less than \$300.00 and not more than \$500.00 for each such offense, or imprisonment for a period of not less than 30 days and not more than six months, or both a fine and imprisonment. ### **Committee on Budget and Government Operations**

## **TO THE HONORABLE, THE CITY COUNCIL OF THE CITY OF CHICAGO**

Esteemed Colleagues, Mayor Lightfoot, and Clerk Valencia,

Each of us feels the heavy responsibility of our municipal budget process, most especially in this year of pandemic, partial recovery, and ongoing struggle and uncertainty. I know how seriously the Administration and City Council take this annual task, and I submit the following ordinance language to the Committee on Budget and Government Operations with utmost respect to our shared goals and responsibility.

I firmly believe that legislation is a collaborative endeavor, and that no one individual has all the right answers or ideas. In that spirit, I have prepared and submitted preliminary versions of the three core pieces of legislation that make up our municipal budget: the Appropriations Ordinance, the Revenue Ordinance, and the Management Ordinance. I do so now, well over 60 days in advance of the required passage date for our budget, to ensure that the City Council is fully prepared and has all legislative and parliamentary tools available to pass the best, most consensus-based, budget possible in November.

My intent is not to present these measures as the sole solutions our City needs, but to establish a cadence and procedure for the City Council to more fully engage in the process, as we have been elected to do by our constituents. I expect and look forward to a robust period of debate and amendment before a budget is passed, and most especially to the pending submission of the Mayor's executive budget recommendations. Please consider this a starting point, and a tool for all members of City Council to use.

The submitted Appropriations Ordinance was drafted using a budget spreadsheet toolkit that I am ,happy to share with any interested Alders, and which will be significantly improved by the addition of new budget

information from the Office of Budget and Management once the executive recommendations are made available. The submitted Revenue and Management Ordinances are preliminary, and I earnestly invite amendment and addition from my fellow Alders. All of us have ideas worth consideration, debate, and - if supported by a majority of Alders -- passage into law.

We work best when we work together. I hope that by presenting one Alder's vision of our City's budget, I can help encourage my fellow Alders to do likewise, and to put forward serious, robust proposals for this year's budget recommendations. My door is always open, and I am willing and eager to engage with my colleagues on this most serious of our duties.

Alder Andre Vasquez, 40th Ward

Yours in Service,
