reviewed and approved by the Mayor's Office for People with Disabilities (MOPD) to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.

16. The Applicant acknowledges the importance of the Chicago River as a resource for both commerce and recreation and also acknowledges the City's goals of improving the appearance, quality and accessibility of the river, as contained in the Waterway Planned Development Guidelines contained in the Chicago Zoning Ordinance (Section 17-8-0912) and the Chicago River Design Guidelines. Applicant shall not be required to provide public access to a riverwalk on its property until such time as either a pedestrian bridge is funded, constructed, and opened for public access over the Chicago River at Blackhawk Street, or a riverwalk is constructed and opened for public access on the parcel immediately south of the Applicant's property. When either of these events occur, the Applicant shall provide public access to the property's riverwalk between the hours of 6:00 a.m.-11:00 p.m.

17. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority and Women-owned Business Enterprises ("M/WBEs") and city residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the city in promoting and tracking such M/WBE and city resident participation, an applicant for planned development approval shall provide information at three points in the city approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE

firms in the design, engineering and construction of the project, and of city residents in the construction work. The city encourages goals of (i) 26% MBE and 6% WBE participation (measured against the total construction budget for the project or any phase thereof), and (ii) 50% city resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the Applicant's proposed outreach plan designed to inform M/WBEs and city residents of job and contracting opportunities. Second, at the time of the Applicant's submission for Part II permit review for the project or any phase thereof, the Applicant must submit to DPD (a) updates (if any) to the Applicant's preliminary outreach plan, (b) a description of the Applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the Applicant's outreach efforts, and (d) updates (if any) to the Applicant's M/WBE and city resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the Applicant must provide

DPD with the actual level of M/WBE and city resident participation in the project or any phase thereof, and evidence of such participation. In addition to the forgoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and city residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and city residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

18. Unless substantial construction of the Pilot Plant Addition and the parking on the east side of Cherry Avenue has commenced within six (6) years following adoption of this Planned Development, and unless completion thereafter is diligently pursued, then this Planned Development shall expire. If this Planned Development expires under the provisions of this section, then the zoning of the property shall automatically revert to Waterway-Manufacturing Planned Development No. 847 and Planned Manufacturing District No. 3, as to each respective parcel.
