Properly as required by law. Plans for all new buildings and improvements on the Property constructed after the date hereof shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities.

15. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. To assist the city in promoting and tracking such M/WBE and city resident participation, an applicant for planned development approval shall provide information at three points in the city approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of city residents in the construction work. Third, prior to issuance of a

Certificate of Occupancy for the project or any phase thereof, the Applicant must provide DPD with the actual level of M/WBE and city resident participation in the project or any phase thereof, and evidence of such participation. In addition to the forgoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and city residents are informed of and utilized in planned development projects. Planned Development ("PD") is an "entitlement" that triggers the requirements of Section 2-44-085 of the Municipal Code of Chicago (the "ARO"). The PD is located in a "community preservation area" within the meaning of the ARO. The Applicant intends to renovate the existing building and provide 47 rental units (the "Project").

In accordance with Ordinance Number O2021 -63 1 approved by City Council on October 14, 2021, the Applicant will receive a cash payment in the amount of \$5,579,350.40, as adjusted in accordance with the ARO ("Cash Payment") from the developer of a 282-unit rental building in PD 1524 at 180 N. Morgan Street for the construction of 28 affordable units in the Project (the "Assumed Units"). The Assumed Units will partially satisfy PD 1524's ARO obligation and will not count in calculating the ARO obligation for this Project. Instead, the ARO obligation for this Project is based on 19 units (47 total units minus 28 Assumed Units).

Developers of rental projects in community preservation areas with less than 30 units must provide 20% of the units in the residential development as affordable units. The developer must provide at least 25% of the affordable units on-site and another 25% on-site or off-site (collectively, the "Required Units"), and may satisfy the balance of its affordable housing obligation through: (a) the establishment of additional on-site or off-site affordable units; (b) payment of a fee in lieu of the establishment of on-site or off-site affordable units; or (c) any combination thereof. All on-site affordable units must be accessible dwelling units, as required under subsection (W)(10) of the ARO, and developers must give preference in leasing accessible units to people with disabilities, as specified in the ARO rules. All off-site affordable units must have at least two bedrooms and must be located in a downtown district, inclusionary housing area, or community preservation area. Whether on-site or off-site, developers must give preference in leasing affordable units of two bedrooms or more to multi-person households, as specified in the ARO rules. If a residential project is located in a transit-served location, off-site units must be located in a substantially comparable transit-served location.

The Applicant's affordable housing obligation for the Project (the "Project Units") is 3.8 affordable units (20%

of 19 dwelling units). The Applicant has agreed to satisfy its overall affordable housing obligation by providing a total of 32 affordable units on-site (the 4 Project Units + the 28 Assumed Units), as set forth in the Affordable Housing Profile ("AHP") attached hereto. The Project Units and the Assumed Units are collectively referred to herein as the "ARO Units." The Applicant agrees that the ARO Units must be affordable to households with a range of incomes averaging 60% of the Chicago Primary Metropolitan Statistical Area Median Income ("AMI"), as updated annually, provided that (x) the maximum income level for any ARO Unit may not exceed 80% of the AMI, (y) at least one-third (or 11 ARO Units) must be affordable to households at or below 50% of the AMI, of which one-sixth (or 2 of the 11 ARO Units) must be affordable to households at or below 40% of the AMI, and (z) all income levels must be multiples of 10% of the AMI.

If the Applicant requests any material change to its method of compliance with the ARO, DOH may adjust the AHP as requested, in accordance with the ARO, without amending the PD, provided however, the Applicant must update and resubmit the revised AHP to DOIT for review and

approval and, at DOH's request, provide an informational presentation to the Plan Commission on such change. Prior to the issuance of any building permits for any residential building in the PD, including, without limitation, excavation or foundation permits, the Applicant must execute and record an Inclusionary Housing Agreement (IHA), in accordance with subsection (N) of the ARO. The terms of the IHA and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the IHA will be recorded against the PD and will constitute a lien against such property. The Commissioner of DOH may enforce remedies for any breach of this Statement 17, including any breach of any IHA, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the PD.

This statement does not include all ARO requirements and options. It is intended to provide an overview of the application of the ARO to this PD. In the event of any conflict between this statement and the terms and conditions of the ARO, the ARO shall govern.

18. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse, the Zoning Administrator shall initiate a Zoning Map Amendment to rezone the property to B2-5, Neighborhood Mixed-Use District.
