The Applicant acknowledges that the project has received a bonus FAR of 4.5, pursuant to Sec. 17-4-1000 of the Zoning Ordinance. With this bonus FAR, the total FAR for the Planned Development is 11.5. In exchange for the bonus FAR, the Applicant is required to make a corresponding payment, pursuant to Sections 17.4-1003-B & C, prior to the issuance of the first building permit for any building in the Planned Development; provided, however, if the Planned Development is constructed in phases, the bonus payment may be paid on a pro rata basis as the first building permit for each subsequent new building or phase of construction is issued. The bonus payment will be recalculated at the time of payment (including partial payments for phased developments) and may be adjusted based on changes in median land values in accordance with Section 17-4-1003-C.3

The bonus payment will be split between three separate funds, as follows: 80% to the Neighborhoods Opportunity Fund, 10% to the Citywide Adopt-a-Landmark Fund and 10% to the Local Impact Fund. In lieu of paying the City directly, the Department may: (a) direct developers to deposit a portion of the funds with a sister agency to finance specific local improvement projects; (b) direct developers to deposit a portion of the funds with a landmark property owner to finance specific landmark restoration projects: or, (c) approve proposals for in-kind improvements to satisfy the Local Impact portion of the payment.

In this case, the Applicant has previously contributed the Local Impact portion of the bonus payment for construction of a library (the "Project*"). The Project is located within one mile of the Planned Development site, as required by Sec. 17-4-1005-C. The Applicant has previously made such payment and therefore the Local Impact portion of the bonus payment has been fulfilled.

9. Upon review and determination, "Part II Review", pursuant to Section 17-13-0610 of the Zoning Ordinance, a Part II Review Fee shall be assessed by DPD. The fee. as determined by staff at the time, is final and binding on the Applicant and must be paid to the Department of Revenue prior to the issuance of any Part II approval.

The Plans are hereby approved in their entirety and no further approvals shall be required under this Planned Development or the Zoning Ordinance for the improvements undertaken in accordance with the Plans, other than Part 11 Approval (per Section 17-13-0610 of the Zoning Ordinance).

- 10. The Site and Landscape Plans shall be in substantial conformance with the Landscape Ordinance and any other corresponding regulations and guidelines. Final landscape plan review and approval will be by DPD. Any interim reviews associated with site plan review or Part II reviews, are conditional until final Part II approval.
- 11. The Applicant shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Fleet and Facility Management and Buildings, under Section 13-32-125 of the Municipal Code, or any other provision of that Code.
- 12. The terms and conditions of development under this Planned Development ordinance may be modified administratively, pursuant to section 17-13-061 l-A of the Zoning Ordinance by the Zoning Administrator upon the application for such a modification by the Applicant, its successors and assigns and, if different than the Applicant, the legal title holders and any ground lessors.
- 13. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for

all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.

- 14.. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. The Applicant shall obtain the number of points necessary to meet the requirements of the Chicago Sustainable Development Policy, in effect at the time the Part II review process is initiated for each improvement that is subject to the aforementioned Policy and must provide documentation verifying compliance.
- 15. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority and Womenowned Business Enterprises ("M/WBEs") and city residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the city in promoting and tracking such M/WBE and city resident participation, an applicant for planned development approval shall provide information at three points in the city approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design, engineering and construction ofthe project, and of city residents in the construction work. The city encourages goals of (i) 26% MBE and 6% WBE participation (measured against the total construction budget for the project or any phase thereof), and (ii) 50% city resident hiring (measured against the total construction work hours for the project or any phase thereof)- The M/WBE Participation Proposal must include a description of the Applicant's proposed outreach plan designed to inform M/WBEs and city residents of job and contracting opportunities. Second, at the time of the Applicant's submission for Part II permit review for the project or any phase thereof, the Applicant must submit to DPD (a) updates (if any) to the Applicant's preliminary outreach plan, (b) a description of the Applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the Applicant's outreach efforts, and (d) updates (if any) to the applicant's M/WBE and city resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the Applicant must provide DPD with the actual level of M/WBE and city resident participation in the project or any phase thereof, and evidence of such participation. In addition to the forgoing. DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and city residents are informed of and. utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and city residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.
- 16. The Applicant acknowledges that the Property is located in the Kinzie Industrial Corridor Conversion Area, and has undergone a "rezoning" within the meaning of Chapter 16-8 ofthe Municipal Code (the "Industrial Corridor System Fund Ordinance"). As a result ofthis rezoning, the Planned Development is subject to the conversion fee provisions ofthe Industrial Corridor System Fund Ordinance. The purpose of the conversion fee is to mitigate the loss of industrial land and facilities in conversion areas by generating funds for investment in receiving industrial corridors in order to preserve and enhance the city's industrial base, support new and expanding industrial uses, and ensure a stable future for

manufacturing and industrial employment in Chicago. The Applicant is required to pay the conversion fee in full prior to the issuance of the first building permit for any building in the Planned Development; provided, however, if the Planned Development is constructed in phases, the conversion fee may be paid on a pro rata basis as the first building permit for each subsequent new building or phase of construction is issued. The amount of the conversion fee due prior to the issuance of a building permit shall be calculated based on the fee rate in effect at the time of payment. The Applicant shall record a notice against the Property to ensure that the requirements of the Industrial Corridor System Fund Ordinance are enforced in accordance with Sec. 16-8-100.

17. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse, the Commissioner of DPD shall initiate a Zoning Map Amendment to rezone the property to Business Planned Development No. 1403, as it existed prior to this amendment.
