### OFFICE OF THE MAYOR

CITY OF CHICAGO

**JUN 30 2011**

RAHM EMANUEL  
MAYOR

**June 22, 2011**

**BY:**

COMPTROLLER L.G.A.D.

**Hand-delivered June M. Canello**

*TIF Administrator, Local Government Office of the Illinois Comptroller 100 West Randolph - Suite 15-500  
Chicago, Illinois 60601*

**Re: Notice of the Designation of a City of Chicago TIF Administrator for Purposes of Filing the 2010 Tax Increment and Industrial Jobs Recovery Annual Reports for the City of Chicago (the "City")**

**Dear Ms. Canello:**

This letter is intended to meet the requirements of your office as set forth in the "TIF Administrator Contact Information" section of your office's "Tax Increment Finance Report Instructions" for fiscal year 2010.

Please be advised that the City's Department of Housing and Economic Development (the "Department"), which is the successor department to the prior Department of Community Development, has the primary responsibility for preparing and filing the Tax Increment and Industrial Jobs Recovery annual reports with the Illinois Comptroller as required by 65 ILCS 5/11-74.4 et seq. and 65 ILCS 5/11-74.6 et seq. The administrative head of the Department, and thus the TIF Administrator for the City, is the Commissioner of the Department of Housing and Economic Development (the "Commissioner"). Andrew J. Mooney has been the Commissioner of the Department since February 9, 2011 and remains in that position to the present day. He is the TIF Administrator for the City for . purposes of filing the City's 2010 Tax Increment and Industrial Jobs Recovery Annual Reports.

Sincerely,

## 2010 Annual Report

## Stockyards Industrial Commercial Redevelopment Project Area

## Pursuant to 65 ILCS 5/11-74.4-5(d)

*June 30, 2011*

## **Attachment C**

### **Opinion of Counsel for 2010 Annual Report Page 2**

**June 30, 2011**

Attorneys, past and present, in the Law Department of the City and familiar with the requirements of the Act, have had general involvement in the proceedings affecting the Redevelopment Project Area, including the preparation of ordinances adopted by the City Council of the City with respect to the following matters: approval of the redevelopment plan and project for the Redevelopment Project Area, designation of the Redevelopment Project Area as a redevelopment project area, and adoption of tax increment allocation financing for the Redevelopment Project Area, all in accordance with the then applicable provisions of the Act. Various departments of the City, including, if applicable, the Law Department, Department of Housing and Economic Development, Department of Finance and Office of Budget and Management (collectively, the "City Departments"), have personnel responsible for and familiar with the activities in the Redevelopment Project Area affecting such Department(s) and with the requirements of the Act in connection therewith. Such personnel are encouraged to seek and obtain, and do seek and obtain, the legal guidance of the Law Department with respect to issues that may arise from time to time regarding the requirements of, and compliance with, the Act. In my capacity as Corporation Counsel, I have relied on the general knowledge and actions of the appropriately designated and trained staff of the Law Department and other applicable City Departments involved with the activities affecting the Redevelopment Project Area. In addition, I have caused to be examined or reviewed by members of the Law Department of the City the certified audit report, to the extent required to be obtained by Section 11-74.4-5(d)(9) of the Act and submitted as part of the Report, which is required to review compliance with the Act in certain respects, to determine if such audit report contains information that might affect my opinion. I have also caused to be examined or reviewed such other documents and records as were deemed necessary to enable me to render this opinion. Nothing has come to my attention that would result in my need to qualify the opinion hereinafter expressed, subject to the limitations hereinafter set forth, unless and except to the extent set forth in an Exception Schedule attached hereto as Schedule 1.

Based on the foregoing, I am of the opinion that, in all material respects, the City is in compliance with the provisions and requirements of the Act in effect and then applicable at the time actions were taken from time to time with respect to the Redevelopment Project Area.

This opinion is given in an official capacity and not personally and no personal liability shall derive herefrom. Furthermore, the only opinion that is expressed is the opinion specifically set forth herein, and no opinion is implied or should be inferred as to any other matter. Further, this opinion may be relied upon only by the addressees hereof and the Mayor of the City in providing his required certification in connection with the Report, and not by any other party.

Stephen R. Patton Corporation Counsel

AREA CODE 312 263.2700

### **INDEPENDENT AUDITOR'S REPORT**

The Honorable Rahm Emanuel, Mayor Members of the City Council City of Chicago, Illinois

We have audited the accompanying financial statements of the Stockyards Industrial Commercial Redevelopment Project of the City of Chicago, Illinois, as of and for the year ended December 31, 2010, as listed in the table of contents. These financial statements are the responsibility of the City of Chicago's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the financial statements present only the Stockyards Industrial Commercial Redevelopment Project and do not purport to, and do not present fairly the financial position of the City of Chicago, Illinois, as of December 31, 2010, and the changes in its financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Stockyards Industrial Commercial Redevelopment Project of the City of Chicago, Illinois, as of December 31, 2010, and the changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The Management's Discussion and Analysis on pages 3 through 5 is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

The Honorable Rahm Emanuel, Mayor Members of the City Council

-2-

Our audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The schedule of expenditures by statutory code on page 13, which is also the responsibility of the City of Chicago's management, is presented for purposes of additional analysis and is not a required part of the financial statements of Stockyards Industrial Commercial Redevelopment Project of the City of Chicago, Illinois. Such additional information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

**CITY QF CHICAGO. ILLINOIS STOCKYARDS INDUSTRIAL COMMERCIAL REDEVELOPMENT PROJECT  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**

As management of the Stockyards Industrial Commercial Tax Increment Redevelopment Project Area (Project), we offer the readers of the Project's financial statements this narrative overview and analysis of the Project's financial performance for the year ended December 31, 2010. Please read it in conjunction with the Project's financial statements, which follow this section.

***Overview of the Financial Statements***

This discussion and analysis is intended to serve as an introduction to the Project's basic financial statements. The Project's basic financial statements include three components: 1) government-wide financial statements, 2) governmental fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information concerning the Project's expenditures by statutory code.

***Basic Financial Statements***

The basic financial statements include two kinds of financial statements, that present different views of the Project - the Government-Wide Financial Statements and the Governmental Fund Financial Statements. These financial statements also include the notes to the financial statements that explain some of the information in the financial statements and provide more detail.

***Government-Wide Financial Statements***

The government-wide financial statements provide both long-term and short-term information about the Project's financial status and use accounting methods similar to those used by private-sector companies. The statement of net assets includes all of the project's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid. The two government-wide statements report the Project's net assets and how they have changed. Net assets - the difference between the Project's assets and liabilities - is one way to measure the Project's financial health, or position.

***Governmental Fund Financial Statements***

The governmental fund financial statements provide more detailed information about the Project's significant funds - not the Project as a whole. Governmental funds focus on: 1) how cash and other financial assets can readily be converted to cash flows and 2) the year-end balances that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps determine whether there are more financial resources that can be spent in the near future to finance the Project. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the statements to explain the relationship (or differences) between them.

4

**CITY OF CHICAGO. ILLINOIS STOCKYARDS INDUSTRIAL COMMERCIAL REDEVELOPMENT PROJECT  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) (Continued)**

***Notes to the Financial Statements***

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and governmental fund financial statements. The notes to the financial statements follow the basic financial statements.

***Other Supplementary Information***

In addition to the basic financial statements and accompanying notes, this report also presents a schedule of expenditures by statutory code. This supplementary information follows the notes to the financial statements.

***Condensed Comparative Financial Statements***

*The condensed comparative financial statements are presented on the following page. Analysis of Overall Financial Position and Results of Operations*

Property tax revenue for the Project was \$1,496,205 for the year. This was a decrease of 32 percent over the prior year. The change in net assets produced an increase in net assets of \$1,275,664. The Project's net assets increased by 32 percent from the prior year making available \$5,232,132 of funding to be provided for purposes of future redevelopment in the Project's designated area.

***Debt Administration***

Tax Increment Allocation Bonds outstanding at December 31, 2010 amounted to \$1,755,000. More detailed information about the Project's long-term liabilities is presented in Note 2 of the financial statements.

CITY OF CHICAGO. ILLINOIS STOCKYARDS INDUSTRIAL COMMERCIAL REDEVELOPMENT PROJECT

8

## NOTES TO FINANCIAL STATEMENTS

### Note 1 - Summary of Significant Accounting Policies

#### (a) Reporting Entity

In March 1989, the City of Chicago (City) established the Stockyards Industrial Commercial Tax Increment Redevelopment Project Area (Project). The area has been established to finance improvements, leverage private investment and create and retain jobs. The Project is accounted for within the capital projects, debt service and special revenue funds of the City.

#### (b) Government-Wide and Fund Financial Statements

The accompanying financial statements of the Project have been prepared in conformity with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB). In June 1999, the GASB unanimously approved Statement No. 34 (as amended by Statement No. 37), Basic Financial Statements - Management's Discussion and Analysis - for State and Local Governments and at a later date, Statement No. 38 Certain Financial Statements Disclosures, and include the following:

A Management Discussion and Analysis (MD&A) section providing an analysis of the Project's overall financial position and results of operations.

*Government-wide financial statements prepared using the economic resources measurement focus and the accrual basis of accounting for all the Project's activities. Fund financial statements, which focus on the Project's governmental funds current financial resources measurement focus.*

#### (c) Measurement Focus, Basis of Accounting and Financial Statements Presentation

The government-wide financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied.

The governmental fund financial statements are prepared on the modified accrual basis of accounting with only current assets and liabilities included on the balance sheet. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available to finance expenditures of the current period. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Property taxes are susceptible to accrual and recognized as a receivable in the year levied. Revenue recognition is deferred unless the taxes are received within 60 days subsequent to year-end. Expenditures are recorded when the liability is incurred.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in government-wide financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting

Standards Board. The City has elected not to follow subsequent private-sector guidance.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources, as they are needed.

**NOTES TO FINANCIAL STATEMENTS (Continued)**

**Note 1 - Summary of Significant Accounting Policies (Concluded)**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from these estimates.

**(d) *Assets, Liabilities and Net Assets Cash and Investments***

Cash belonging to the City is generally deposited with the City Treasurer as required by the Municipal Code of Chicago. The City Comptroller issues warrants for authorized City expenditures which represent a claim for payment when presented to the City Treasurer. Payment for all City warrants clearing is made by checks drawn on the City's various operating bank accounts.

The City Treasurer and City Comptroller share responsibility for investing in authorized investments. Interest earned on pooled investments is allocated to participating funds based upon their average combined cash and investment balances.

The City values its investments at fair value or amortized cost. U.S. Government securities purchased at a price other than par with a maturity of less than one year are reported at amortized cost.

***Capital Assets***

Capital assets are not capitalized in the governmental funds but, instead, are charged as current expenditures when purchased. The Government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) of the City includes the capital assets and related depreciation, if any, of the Project in which ownership of the capital asset will remain with the City (i.e. infrastructure, or municipal building). All other construction will be expensed in both the government-wide financial statements and the governmental funds as the City nor Project will retain the right of ownership.

**(e) *Stewardship, Compliance and Accountability***

***Illinois Tax Increment Redevelopment Allocation Act Compliance***

The Project's expenditures include reimbursements for various eligible costs as described in subsection (q) of Section 11-74.4-3 of the Illinois Tax Increment Redevelopment Allocation Act and the Redevelopment Agreement relating specifically to the Project. Eligible costs include but are not limited to survey, property assembly, rehabilitation, public infrastructure, financing and relocation costs.

***Reimbursements***

Reimbursements, if any, are made to the developer for project costs, as public improvements are completed and pass City inspection. The semi-annual principal and interest payments are made solely from incremental real property taxes, which are paid in the redevelopment district.

**NOTES TO FINANCIAL STATEMENTS (Continued)**

**Note 2 - Bonds Payable**

In January 1997, the City entered into a short-term promissory note for the purpose of retiring the Tax Increment Allocation Revenue Bonds, Series 1994A (\$12,700,000). Also in January 1997, the City sold Tax Increment Allocation Revenue and Refunding Bonds, Series 1996A (\$14,800,000). The bonds have an initial interest rate of 3.6 percent through February 3, 1997 and have maturity dates ranging from December 1, 1999 through December 1, 2011. Certain proceeds and cash on hand will be used to repay the short-term promissory note, pay project costs, fund required accounts and meet initial debt service requirements. After the expiration of the initial interest rate period, the bonds will bear interest at a weekly, daily, commercial paper or adjustable rates, as defined, at the discretion of the City. Remarketing and letter of credit fees are included in interest expense.

The City entered into an interest rate swap agreement in June 1997 to reduce its interest rate risk on the bonds. The swap was approved by the City Council and is effective from February 10, 1997 and terminates on December 1, 2011 with an initial notional amount of \$14,800,000. The counterparty's payments will be based on a variable rate of interest in exchange for an annual fixed rate of interest of payment made by the City.

The bonds have an effective interest rate of 5.375 percent.

Long-term liability activity for the year ended December 31, 2010 was as follows:

Beginning balance

\$ 3,335,000

Additions Reductions

(1,580,000)

Ending balance

\$ 1,755,000

Amounts due within one year

\$ 1,755,000

The aggregate maturities of the bonds are as follows:

Year Ending December 31,

Principal

Interest

2011  
\$1,755,000 \$94.331

CITY OF CHICAGO. ILLINOIS STOCKYARDS INDUSTRIAL COMMERCIAL REDEVELOPMENT PROJECT  
NOTES TO FINANCIAL STATEMENTS (Continued)

Note 2 - Bonds Payable (Continued)

*Derivatives - Pay-Fixed, Receive-Variable Interest Rate Swap*

Objective of the swap. In order to protect against the potential of rising interest rates, the City has entered into a pay-fixed, receive-variable interest rate swap at a cost less than what the City would have paid to issue fixed-rate debt.

Amount

Notional

\$ (147,268) \$ 1,755,000

Terms, fair value and credit risk. The terms, including the fair value and credit rating of the outstanding swap as of December 31, 2010, is as follows. The notional amount of the swap matches the principal amount of the associated debt. The City's swap agreement contains scheduled reductions to the outstanding notional amount that are expected to approximately follow scheduled or anticipated reductions in the associated bonds payable. Under the swap, the City pays Bank of America (the counterparty) a fixed payment and receives a variable payment computed according to the London Interbank Offered Rate (LIBOR) and/or The Securities Industry and Financial Markets Association Municipal Swap Index (SIFMA):

Swap Counter-Fixed	Variable	Termi-	party	Associated	Notional	Effective	Rate	Rate	Fair
nation Credit	Bond Issue	Amount	Date	Paid	Received	Value	Date	Rating	

Tax Increment Allocation Bonds (Stockyards TIF, Series 1996A).....	\$ 1,755,000	2/10/1997	5.375	SIFMA	\$ (147,268)	12/1/2014	Aa3/A+		
--	--------------	-----------	-------	-------	--------------	-----------	--------	--	--

Fair Value. As of December 31, 2010, the swap had a negative fair value of \$147,268. As per industry convention, the fair value of the City's outstanding swap was estimated using the zero-coupon method. This method calculates the future net settlement payments required by the swap, assuming that the forward rates implied by the yield curve correctly anticipate future spot rates. These payments are then discounted using the spot rates implied by the current yield curve for hypothetical zero-coupon bonds due on the date of each future net settlement on the swap. Because interest rates are below the Fixed Rate Paid, the City's swap had a negative value.

Credit Risk. The City is exposed to credit risk (counterparty risk) through the counterparties with which it enters into agreements. If minimum credit rating requirements are not maintained, the counterparty is required to post collateral to a third party. This protects the City by mitigating the credit risk, and therefore the ability to pay a termination payment, inherent in a swap. Collateral on all swaps is to be in the form of cash or Eligible Collateral held by a third-party custodian. Upon credit events, the swap also allow transfers, credit support and termination if the counterparty is unable to meet the said credit requirements.

CITY OF CHICAGO. ILLINOIS STOCKYARDS INDUSTRIAL COMMERCIAL REDEVELOPMENT PROJECT  
NOTES TO FINANCIAL STATEMENTS (Concluded)

Note 2 - Bonds Payable (Concluded)

Basis Risk. Basis risk refers to the mismatch between the variable rate payments received on a swap contract and the interest payment actually owed on the bonds. The two significant components driving this risk are credit and SIFMA/LIBOR ratios. Credit may create basis risk because the City's bonds may trade differently than the swap index as a result of a credit change in the City. SIFMA/LIBOR ratios (or spreads) may create basis risk. With percentage of LIBOR swaps, if the City's bonds trade at a higher percentage of LIBOR over the index received on the swap, basis risk is created. This can occur due to many factors including, without limitation, changes in marginal tax rates, tax-exempt status of bonds, and supply and demand for variable rate bonds. The City is exposed to basis risk on all swaps except those that are based on Cost of Funds, which provide cash flows that mirror those of the underlying bonds. For all other swaps, if the rate paid on the bonds is higher than the rate received, the City is liable for the difference. The difference would need to be available on the debt service payment date and it would add additional underlying cost to the transaction.

Tax Risk. The swap exposes the City to tax risk or a permanent mismatch (shortfall) between the floating rate received on the swap and the variable rate paid on the underlying variable-rate bonds due to tax law changes such that the federal or state tax exemption of municipal debt is eliminated or its value reduced. There have been no tax law changes since the execution of the City's swap transactions.

Termination Risk. The risk that the swap could be terminated as a result of certain events including a ratings downgrade for the issuer or swap counterparty, covenant violation, bankruptcy, payment default or other defined events of default. Termination of a swap may result in a payment made by the issuer or to the issuer depending upon the market at the time of termination.

Swap payments and associated debt. Bonds maturing and interest payable January 1, 2011 have been excluded because funds for their payment have been provided for. As of December 31, 2010, debt service requirements of the City's outstanding variable-rate debt

and net swap payments, assuming current interest rates remain the same, for their term are as follows:

**Interest**

**Variable-Rate Bonds Rate Year Ending Principal Interest Swap, Net Total**

December 31,

2011..... \$ 1,755,000 \$ 5,089 \$ 94,331 \$ 1,854,420

The Honorable Rahm Emanuel, Mayor Members of the City Council City of Chicago, Illinois

We have audited, in accordance with auditing standards generally accepted in the United States of America, the statement of net assets and governmental funds balance sheet of Stockyards Industrial Commercial Redevelopment Project of the City of Chicago, Illinois as of December 31, 2010, and the related statement of activities and governmental funds revenues, expenditures and changes in fund balance for the year then ended, and have issued our report thereon dated June 20, 2011.

In connection with our audit, nothing came to our attention that caused us to believe that the Project failed to comply with the regulatory provisions in Subsection (q) of Section 11-74.4-3 of the Illinois Tax Increment Allocation Redevelopment Act and Subsection (o) of Section 11-74.6-10 of the Illinois Industrial Jobs Recovery Law as they relate to the eligibility for costs incurred incidental to the implementation of the Stockyards Industrial Commercial Redevelopment Project of the City of Chicago, Illinois.

This report is intended for the information of the City of Chicago's management. However, this report is a matter of public record, and its distribution is not limited.
